U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
1448-363

Date of Issuance:
DEC 28 1967

NOTICE OF PESTICIDE:
 X Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:
Conditional

Name of Pesticide Product:
Busan 1192

Name and Address of Registrant (include ZIP Code):

Buckman Laboratories, Inc.
1256 N. McLean Blvd.
Memphis, TN 38108

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes listed below before you release the product for shipment:

a. Add the phrase, "EPA Reg. No. 1448-363".

b. Add to the statements of practical treatment the following:

If swallowed: Drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available large quantities of water. Avoid alcohol.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Signature of Approving Official:

151

Date:

DEC 28 1967

page 2

EPA Reg. No. 1448-636

c. Move the ingredient statement to the front panel. Note that the decimal points and percentages must be aligned.

d. Modify the directions for use so they read similar to the following:

For use only in the manufacturing of mildew-resistant exterior paints and stains.

e. The EPA Establishment Number must appear on the label or container.

3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

BUSAN 1192

BUSAN is a registered trademark.

ACTIVE INGREDIENT
Chlorothalonil (technical)
INERT INGREDIENTS

Under the Federal Insecticide, Fungicide, and Rodenticide Act, amended, for the pesticide registered under EPA Reg. No. **KEEP OUT OF REACH OF CHILDREN DANGER**

1448-363

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, causes severe eye damage. May be a potential skin sensitizer. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, rubber gloves, long sleeve shirt and long pants when mixing, loading or applying this product. May be fatal if inhaled. Do not breathe dust. Wear a mask or pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Harmful if swallowed or absorbed through skin. Remove contaminated clothing and wash before reuse.

FIRST AID: In case of eye contact, flush eyes with water for 15 minutes; get medical attention immediately. In case of skin contact, wash exposed area of skin with soap and warm water. This product may produce temporary allergic side effects characterized by redness of the eyes, mild bronchial irritation, and redness or rash on exposed skin areas. Persons having allergic reaction should contact a physician. **NOTE TO PHYSICIAN:** Persons having allergic reaction respond to treatment with antihistamines or steroid creams and/or systemic steroids. In case of inhalation, remove person to fresh air and get medical attention immediately. *If swallowed, drink promptly a*

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product directly into lakes streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.
STORAGE: Store in a dry place.
PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, pesticide formulation or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA regional office for guidance.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Note to User: Technical chlorothalonil may produce temporary allergic side effects characterized by redness of the eyes, mild bronchial irritation and redness or rash on exposed skin areas. Persons having allergic reaction should contact a physician.

For use in manufacturing mildew - Exterior Paints and Stains

BUSAN 1192 is compatible with a wide variety of surface coatings including modified acrylic, vinyl acrylic, polyvinyl acetate, epoxy and polyurethane.

The selection of the proper dosage is dependent on the length of mildew incidence in the market area in which the paint will be used. Generally 200 to 500 grams of BUSAN 1192 per gallon of paint is sufficient for effective mildew control. When zinc oxide is used in conjunction with or alkyd-modified acrylic latexes, an increase in mildew control may require the amount of BUSAN 1192 used. It is recommended that the user refer to the performance evaluations to determine the optimum dosage.

BUSAN 1192 is a micromilled powder which is best dispersed by mechanical grinding equipment normally used in the paint industry is recommended.

If an in-can preservative is used in combination with BUSAN 1192, it should be used first. Studies have shown certain in-can preservatives can produce yellowing. Buckman Laboratories can provide advice.

Large quantity of milk, egg white solution or if there is not quantities of water. A note to Physician: Probable damage may contraindicate gastric lavage.
