HAZARDS TO HUMANS AND DOMESTIC ANIMALS

FIRST AID

If in Eyes	- Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for further treatment advice.
If on Skin, Clothes	- Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center for treatment advice.
If Ingested	- Call poison control center or doctor immediately for treatment advice. - Have person sip a glass of water, if able to swallow. - Do not induce vomiting unless told to do so by the poison control center or doctor. - Do not give anything by mouth to an unconscious person.
If inhaled	- Move person to fresh air. - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. - Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. You may also contact 901-278-0330 or 1-800-BUCKMAN for emergency medical treatment information.

WARNING: Harmful if swallowed. Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Workmen handling the product should wear rubber gloves and goggles. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

ACTIVE INGREDIENTS: 2-(Thiocyanomethylthio)benzothiazole.....	50.0%
INERT INGREDIENTS:	40.0%
Contains Petroleum Distillates	
TOTAL	100.00%

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Do not expose to extreme temperatures. Do not stack more than five drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Manufactured by **Buckman Laboratories, Inc.**
1256 North McLean Blvd., Memphis, Tennessee 38108, USA

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For formulation into end-use products only for use as industrial microbicides in the following use sites:

INDOOR NON-FOOD: Including, but not limited to, Paper (stored), Wood pulp and paper/paper products (additives/adhesives), Leather/leather hides (stored processed products), Leather/leather products (preservatives), Adhesives/Coatings/Caulkings, Industrial (preservatives), Metalworking cutting fluids (preservatives), Textiles/textile fibers/cordage (additives/preservatives).

AQUATIC NON-FOOD INDUSTRIAL: Including, but not limited to, Air conditioner/refrigeration condensate water systems/cooling towers, Industrial processing water, Secondary Oil recovery injection water, Commercial/industrial cooling water systems, and Pulp/paper mill water systems.

TERRESTRIAL FOOD: Storage/pre-plant seed treatment and seedling treatment to prevent microbial/fungal decay. Formulated products for seed treatment must contain an EPA approved dye which imparts an unnatural color. Seeds treated with BUSAN 72F formulations may not be used for feed, food, or oil purposes. Treated seeds should be stored away from foodstuffs.

TERRESTRIAL NON-FOOD: Including, but not limited to, Wood protection to forest products (seasoned and unseasoned).

AQUATIC NON-FOOD OUTDOOR: Including, but not limited to, Wood protection treatment to aquatic structures (ie: wooden cooling towers).

Formulators must ensure that all end use products are registered according to the provisions of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Formulators must also secure FDA clearance for all formulations, containing BUSAN 72F, that may be used in the manufacture of paper, paperboard, adhesives, coatings, and/or caulking that may contact food.
