Dennis L. Barbee, Ph.D.
Buckman Laboratories, Inc.
1256 North McLean Blvd.
Memphis, TN 38108

Subject: Busan 1366
EPA Registration Number 1448-394
Application Date: 11/25/02
Receipt Date: 11/29/02

Dear Dr. Barbee:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- To revise the "First Aid" Statement in accordance with PR Notice 2001-1

Conditions

- Align the "Ingredient Statement" to read:

ACTIVE INGREDIENT	
Propiconazole: 1-2(2,4-dichlorophenyl)-4-propyl-1,3-dioxolan-2-yl)methyl)-1H-1,2,4-triazole (0.64 lbs. active ingredient/gallon)	8.0%
INERT INGREDIENTS	92.0%
TOTAL	100.0%

- Delete the (s) on the word "Ingredients" in the Ingredient Statement.
- Place the heading "Precautionary Statements" followed by "Hazards to Humans and Domestic Animals" underneath the First Aid Statements above the word "CAUTION".

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

FIRST AID

if in Eyes	- Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for further treatment advice.
if on Skin, Clothes	- Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center for treatment advice.
if Ingested	- Call poison control center or doctor immediately for treatment advice. - Have person sip a glass of water, if able to swallow. - Do not induce vomiting unless told to do so by the poison control center or doctor. - Do not give anything by mouth to an unconscious person.
if Inhaled	- Move person to fresh air. - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. - Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. You may also contact 901-278-0330 or 1-800-BUCKMAN for emergency medical treatment information.

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

ACTIVE INGREDIENTS:	
Propiconazole: 1-(2-(2,4-dichlorophenyl)-4-propyl-1,3-dioxolan-2-yl)-methyl-1H-1,2,4-triazole (0.64 lbs. active ingredient/gallon)	8.0%
INERT INGREDIENTS:	92.0%
TOTAL	100.0%

Storage and Disposal

PESTICIDE STORAGE

Store in original container in a cool, dry place.

PESTICIDE DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA regional office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent) then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by State and Local authorities.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with the label.

SAPSTAIN AND MOLD CONTROL:

BUSAN 1366 is used to control sapstain and mold in freshly cut hardwood and softwood. It is applied by dipping or spraying the wood until complete surface wetting is achieved. For every 2.0 gallons BUSAN 1366 per 100 gallons of water. Agitate vigorously until complete solution. If a BUSAN 1366 spray solution is used. For example, in a 100 gallon day tank, 0.2 gallons of BUSAN 1366 then enough water is added to bring the total volume up to 100 gallons of solution. The amount of water required, treatment strength is varied by number of application nozzles used and by temperature, humidity, wood moisture, storage conditions, etc. Contact your local distributor for more information.

Remove sawdust and other debris from treating solution on a regular basis to prevent solution. To prevent fungal attack below the surface of the wood, freshly sawn lumber should be protected from rain and removed from direct soil/ground contact.

COATINGS, CAULKS, SEALANTS, ADHESIVES, AND INKS

Sufficient mixing to ensure adequate dispersion of the biocide is required. BUSAN 1366 should be dissolved in aromatic solvents or combination of aromatic and aliphatic solvents to be used in coatings, caulks, sealants, adhesives, and inks. BUSAN 1366 can be pre-mixed and simply added to the leddown or the finished product.

Not for use in coatings and adhesives which will come in contact with paper or paper products.

* Active ingredient developed by Janssen Pharmaceutica, Beerse, Belgium.

**ACCEPTED
