### HILO<sup>®</sup> DRY BATH

Lets you bathe your dog often and during any season of the year. Cleans without water, leaves coat shiny.

**DIRECTIONS:** Shake can well before removing cap. Always use can in inverted position. Never use can in upright position as this may cause a loss of propellant. Point can down with the nozzle about 1 inch from animal. Press nozzle to release a puff of lather the size of a small peach. Rub foam into coat and towel off. Do only one area at a time until entire coat is clean. Comb and brush. Once-a-week use is suggested.

**WARNING:** Contents under pressure. Do not puncture. Do not use, store near heat or open flame, or expose to temperatures above 130°F. May cause bursting. Never throw container in a fire or incinerator.

**Active Ingredients:** .880% Technical Piperonyl Butoxide [equivalent to .704% of (butylcarbityl) (6-propyl-piperonyl) ether, and .176% related compounds]; .088% Pyrethrins; .352% Petroleum Oil.

**Inert Ingredients:** 98.680%
