

U.S.D.A. Reg. No. 1457-5

Fine Organics Inc.

G E R M - I - T O L 10%

Active Ingredients:

Alkyl (C₁₂ 65%, C₁₄ 25%, C₁₅ 10%) dimethyl benzyl ammonium chlorides.....10%

Inert Ingredients:

Water.....90%
Total.....100%

Recommended Uses: GERM-I-TOL 10% may be used to sanitize the following equipment and/or areas:

Milking machines	Floors (sluicing)	Animal cages	Cold storage rooms
Milk cans	Operating theatre	Deodorization	Garbage cans
Dishes, glasses & cutlery	Urinals	Walls	
Food processing equipment	Food storage bins	Mopping floors	

Recommended Dilutions: GERM-I-TOL 10% must be diluted before use, and the following concentrations are recommended:

1 oz. GERM-I-TOL 10% to 2 gallons water (390 ppm active ingredient) for previously cleaned non-porous surfaces

1 oz. GERM-I-TOL 10% to 1 gallon water (780 ppm active ingredient) for previously cleaned porous surfaces

Directions: GERM-I-TOL 10% is a light amber liquid germicide containing as its active ingredient a specially synthesized quaternary ammonium compound with high bactericidal properties and is compatible with alkaline builders and sequestering agents. In all applications an exposure period of at least 2 minutes should be maintained when the temperature of the solution is at least 75° F and the pH of the solution is 6 or higher. Use only in recommended use dilutions except where infectious disease germs are present.

Where infectious disease germs are present such as Ps. aeruginosa: The surfaces should be rinsed with a solution of 2 oz. GERM-I-TOL 10% to 1 gal water (1560 ppm active ingredient). After sanitizing with GERM-I-TOL 10%, rinse surfaces with clean water prior to use.

GERM-I-TOL 10% is a cationic germicide containing a mixture of Alkyl (65% C₁₂, 25% C₁₄, 10% C₁₅) dimethyl benzyl ammonium chlorides.

CAUTION

KEEP OUT OF REACH OF CHILDREN

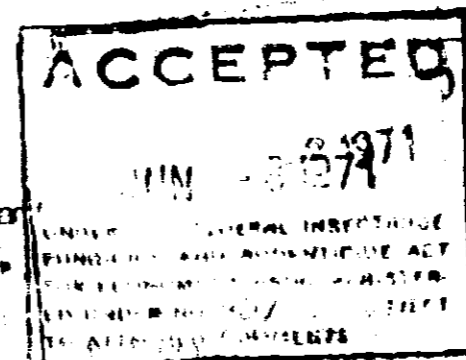

GERM-I-TOL 10% CONCENTRATE may be harmful if swallowed; avoid contact with skin and eyes. In case of contact flush with plenty of water. If irritation persists, get medical attention.

GERM-I-TOL 10% is a cationic germicide and should be diluted before using, as directed.

GERM-I-TOL 10% solutions must not come in contact with food.

GERM-I-TOL 10% should not be used with soap or acidic detergents.

Rinse empty container thoroughly with water before discarding.
