EPA Reg. No. 1457-60

CETYL PYRIDINIUM CHLORIDE (CPC)

CETYL PYRIDINIUM CHLORIDE is prepared from pyridine and cetyl chloride and manufactured to comply with the standards set forth in the NF XIII, 1970.

ACTIVE INGREDIENT:

Cetyl Pyridinium Chloride.....100%

DIRECTION FOR USE:

This product is intended for repacking and the manufacturing, formulating and mixing of disinfectants and products intended to impart bacteriostatic activity.

Products formulated with CPC bearing disinfectant or bacteriostatic claims require registration by the EPA and efficacy data to support such claims.

DANGER

KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes eye damage and skin irritation. Do not get into eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or

fatal if swallowed. Avoid contamination of food. Do not reuse empty container. Destroy it by perforating or crushing and discard in a safe place.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink large quantities of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
