Apply with low pressure sprayer equipped with coarse spray nozzle. Spray surface only until wet. Avoid excessive run-off to all infested areas, to breeding sites and harborages. Spray adjacent exposed surfaces where insects may crawl out and come out of hiding.

**TO KILL COCKROACHES:** Spray infested area thorough baseboards, cracks and crevices; around window frames; undersides of shelves, drawers, work tables; behind and beneath cabinets, refrigerators, sinks and stoves; in and around waste containers, switch panels, junction boxes. Roar or other possible hiding or resting places.

**TO KILL ANTS:** Indoors—spray trails and places where ants appear to be entering the building. Outdoors—spray hills and mounds.

**TO KILL CADELLES, CIGARETTE BEETLES, DERMESTIDUS STORE BEETLES, INDIAN MEAL MOTHS, RED FLOUR BEETLES, SAW-TOOTHED GRAIN BEETLES AND WEEVILS:** (Exposures): Remove dishes and packaged food. Spray floors and the infested area thoroughly, with special attention to cracks, corners and perimeters. Sanitation and dust control are of prime importance. Fumigate or destroy infested product. Treat areas to dry before replacing dishes and food.

**TO KILL SILVERFISH, FIREBRATS AND PAPER LICE:** Spray infested areas thoroughly. Apply behind and beneath cases and into corners of storage areas.

**TO KILL BROWN DOG TICKS:** Spray pets' sleeping area, surrounding area including window and door frames, all cracks and crevices. Replace with fresh bedding after spraying. Repeat as needed. Do not spray animals.

**TO KILL CLOVER MITES, CRICKETS, EARWIGS, MILL CENTIPEDES, SOWBUGS, SCORPIONS AND SPIDERS:** Spray interior and exterior perimeter of infested areas thoroughly. Pay special attention to window sills.

**TO KILL FLEAS, FLIES, GNATS, MOSQUITOS, PUNKI SANDFLIES (Outdoors only):** Spray infested areas. Include outside surfaces of screens, doors, window frame and other areas where insects may enter.
