DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Apply with a sprinkling can. To cover 50 sq. ft., add 16 fl. oz. to sprinkling can containing 2½ gals. of water. When sprinkling can is empty, triple rinse and pour rinses on area just treated. Mix only the quantity needed and use immediately. Do not store dilute solution. To minimize lateral movement, sprinkle in lightly with a watering can immediately after application.

Make application when air is calm to avoid the possibility of drift onto desirable plants or grass. Keep away from the roots of desirable plants. Use only in areas where complete control of all vegetation is desired. CONCENTRATED - FAST ACTING VEGETATION KILLER should not be used on cultivated areas, on ground that is to be cultivated, in greenhouses, or near the dripline of trees or shrubs. Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). Avoid using where adjacent desirable trees, shrubs, or plants may be injured from leaching of the chemical through the soil. Keep children and animals off treated areas until these areas are dry. Apply this product only as specified on this label.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING: Causes eye irritation. Do not get in eyes. Avoid contact with skin or clothing. Harmful if swallowed, inhaled, or absorbed through the skin. Do not contaminate food or feed.

Practical Treatment: In case of eye contact, wash with water for at least 15 minutes and seek medical attention. In case of skin contact, wash with plenty of soap and water. Get medical attention if eye or skin irritation persists. If ingested, do not induce vomiting. Drink milk, egg whites, or gelatin; if not available, drink plenty of water. If inhaled, remove victim to fresh air.

Note to Physician: There is no specific antidote; if ingested, do not induce emesis and take care to avoid aspiration of stomach contents during gastric lavage. Give a saline laxative and supportive therapy.

Environmental Hazards: This product is toxic to fish. Keep out of any body of water. Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Physical or Chemical Hazards: Do not use, pour, spill, or store near heat or open flame.
