Attention: Peter J. Fryatt

Gentlemen:

Subject: SEPTIN PF 400
EPA Registration No. 1459-93
Your Amendment Application Dated March 31, 1987

A review of your March 31, 1987 amendment application follows.

Removal of the food contact surface sanitizing claim from the label for this product is acceptable. A stamped copy of the label is enclosed.

Deletion of the toxic inert ingredient "Rhodamine B" from the formulation and substituting it with "Bright Red LX 6091" is in compliance with PR Notice 87-6 and is acceptable.

The revised Confidential Statement of Formula agrees with the revised label and is acceptable.

Five copies of the final printed labels should be submitted.

If you have any questions concerning this letter, please call Mr. Robert Young at (703) 557-3966.

Sincerely yours,

John H. Lee
