GREENFIELD

GRASS AND WEED CONTROL

Directions for use

WHAT IT DOES: ONE EASY APPLICATION of exclusive TREFLAN the amazing new compound from Greenfield research will (1) stop unwanted grasses (crab grass, goosegrass, barnyard grass, foxtail) from sprouting in established flower beds, myrtle (vinca), and ivy (2) kill many broadleaf weeds (chickweed, knotweed, pigweed, lambsquarters, smartweed) as they sprout from seeds. Will not harm established flowers//, shrubs, and other plants.

E

WHEN TO USE: Greenfield grass and weed control should be applied in the spring around shrubbery and in flower beds which contain established plants. It may also be applied directly to myrtle (vinca) and ivy. Application should be made before grass and weed seeds begin to sprout.

25 ounce

HOW TO USE: TREFLAN will control grass and weeds only where it has been applied; therefore, it is most important that this product be applied evenly without skips or misses. The contents of this ~~2 pound~~ package should be spread over no more than 250 square feet (~~one pound per 125 square feet~~). ~~Do not cover more than this amount of area.~~ For best results, apply as follows:

1. Before application, remove all existing grasses and weeds as this product kills sprouting seeds and will not kill established plants.
2. Apply when flowers or plants have become established, usually 2-3 inches in height.
3. At application, the product may be worked lightly into the soil. This actually improves the action of TREFLAN in preventing sprouting of weed and grass seeds.
4. This product will prevent unwanted grasses and many weeds from sprouting for the entire growing season. Peat moss or similar material may be spread after application of this product.

CAUTION: Avoid prolonged or repeated contact with skin. Avoid contamination of foodstuffs, feedstuffs, and fishponds. Wash thoroughly after using. For use with ornamental plants only. Do not use on vegetables or edible plants.

The manufacturer or seller makes no warranty of any kind, expressed implied, concerning the use of this product. Buyer assumes all risks of use or handling whether in accordance with directions or not.
