PRODUCTS OF ELI LILLY AND COMPANY RESEARCH

# PREEN™

Contains **TREFLAN**, an exclusive compound. ONE EASY APPLICATION stops unwanted grasses (annual bluegrass, crabgrass, stinkgrass, goosegrass, barnyard grass, foxtail) and kills many broadleaf weeds (chickweed, knotweed, pigweed, lambsquarters, smartweed, carpetweed, purslane) at sprouting. Will not harm established flowers\*, shrubs, and other plants. Do not apply to Ajuga, Myrtle, Pachysandra, and other ornamental groundcovers as injury may result.

**WHEN TO USE:** PREEN should be applied in the spring around shrubbery and in flower beds containing established plants. Apply before grass and weed seeds begin to sprout.

**HOW TO USE:** PREEN will control grass and weeds only where applied; therefore, even application (no skips or misses) is most important. The contents of this package (1 lb. 9 oz.) should be spread over no more than 250 square feet. For best results, use as follows:

1. Before applying, remove all existing grasses and weeds as PREEN kills sprouting seeds but not established plants.
2. Apply after flowers or plants have become established (2-3 inches, or more, in height).
3. At application, working PREEN lightly into the soil will improve the weed-prevention action of TREFLAN.

\* Asteratum, Aster, Balsam, Calendula, California Poppy, Calliopsis, Gamation, Cosmos, Dahlia, Forget-Me-Not, Four O'Clocks, Gaillardia, Gladiolus, Hollyhock, Lobelia, Mangold, Morning Glory, Nasturtium, Petunias, Peonies, Poinsettia, Shasta Daisy, Sweet Amaryllis, Sweet Pea, Zinnia

**CAUTION:** Avoid contamination of foodstuffs, feeds, and fishponds. Wash thoroughly after using. For use with ornamental plants only.

The manufacturer makes no warranty, express or implied, concerning the product or its use, except as described on the label hereof. All statements made concerning this product apply only when used as directed.
