GREENFIELD PIPRON® ROSE & ORNAMENTAL DISEASE CONTROL contains PIPRON--an outstanding fungicide developed by Eli Lilly/GREENFIELD research. The exclusive PIPRON-Maneb combination in this product gives superior control of a broad range of troublesome plant diseases including powdery mildew, black spot, rust and leaf spot.

Use GREENFIELD PIPRON ROSE & ORNAMENTAL DISEASE CONTROL on roses, asters, dahlias, zinnias, phlox, lilacs, chrysanthemums and certain other flowers and shrubs. It won't burn when used according to directions.

DIRECTIONS FOR USE

WHEN TO APPLY: To prevent disease, start regular spray program soon after first leaves expand in the spring. Apply with GREENFIELD Hose-End PLANT SPRAYER or tank-type sprayer every 7 to 10 days and after heavy rainfall. Apply so that all exposed plant surfaces are treated.

MIXING DIRECTIONS: Mix 2 level tablespoons per gallon of water. Can be mixed right in the sprayer.

MIXING DIRECTIONS FOR A COMPLETE PESTICIDE SPRAY. GREENFIELD PIPRON ROSE & ORNAMENTAL DISEASE CONTROL can be mixed with GREENFIELD TRI-CIDE® for the control of aphids, mites and other insect pests as well as diseases. Follow these directions: Add 2 level tablespoons of GREENFIELD PIPRON ROSE & ORNAMENTAL DISEASE CONTROL to one gallon water. To this suspension add two tablespoons of GREENFIELD TRI-CIDE and mix vigorously.

CAUTION: May cause irritation of eyes, nose, throat and skin. Do not breathe dust or spray mist. Avoid contact with eyes, skin or clothing. In case of contact, flush with plenty of water and get medical attention for eyes. Avoid contamination of foodstuffs, feeds and fishponds. Keep away from fire and sparks.

The manufacturer makes no warranties, express or implied, concerning this product or its use, which extend beyond the description on the face hereof. All statements made concerning this product apply only when used as directed.
