Active Ingredient:

trifluralin (α, α, α -trifluoro-2,6-dinitro-N,N-dipropyl-p-toluidine)

Inert Ingredients

95% — 95%

5% — 5%

Precautionary Statements

Hazards to Humans and Domestic Animals

Keep Out of Reach of Children.

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing dust and contact with skin or eyes. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation develops. The active ingredient trifluralin may cause skin sensitization reactions in certain individuals. Wear goggles and protective clothing such as coveralls, a long sleeved shirt and impermeable gloves when handling this product.

Environmental Hazards

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public water unless this product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container. In case of leak or spill, contain material and dispose as waste.

Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Completely empty fiber drum by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into manufacturing equipment. Crush or puncture and dispose of in a sanitary landfill or by incineration if allowed by state and local authorities.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For Manufacturing Use Only in Formulating Herbicides: This material may only be used for the formulation of herbicidal products labeled for use on ornamental plants, established turfgrasses, home vegetable gardens, irrigating sewer pipe gaskets or extruded netting for covering buried waste. Active ingredient concentration cannot exceed 5 percent trifluralin by weight in granular or fertilizer based products for dry application.

herbicidal products.

and contact with eyes, skin, or clothing. Technical trifluralin may cause skin sensitization reactions in certain individuals. Use eye protection and protective clothing such as coveralls, a long-sleeved shirt, and impermeable gloves when handling this product. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

First Aid

If in eyes: Flush eyes with plenty of water. Call a physician if irritation develops.

If swallowed: Call a physician or Poison Control Center. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If on skin: Wash with plenty of soap and water. Get medical attention if irritation develops.

If inhaled: Remove individual to fresh air. If breathing difficulty occurs, get medical attention. If not breathing, provide cardiopulmonary resuscitation assistance (mouth to mouth) and call a physician.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Do not discharge effluent containing this product directly into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of The Environmental Protection Agency.
