TREFLAN/Canopy® for Weed Control in Soybeans  
(Do Not Use In California)

1471-116

Apply TREFLAN/Canopy as a preplant incorporated tank-mix treatment. Follow recommended soil preparation, application and incorporation procedures for TREFLAN. Plant soybeans within two (2) weeks after application.

TREFLAN/Canopy tank-mix controls the following weeds in addition to those controlled by TREFLAN alone (excluding special rate programs).

Controlled

Cocklebur, common  
Florida beggarweed  
Hemp sesbania  
Hophornbeam copper leaf  
Jimsonweed  
Morningglory  
(Entireleaf)  
(Ivyleaf)  
(Pitted)  
(Smallflower)  
(Tall)

Prickly sida  
(Tea-weed)  
Ragweed  
(Common)  
(Giant)  
Sicklepod  
Smartweed  
Spotted spurge  
Sunflower  
Velvetleaf

Partially Controlled

Purple nutsedge  
Yellow nutsedge

Large seeded weeds, germinating deep in the soil, such as morningglory, sicklepod, cocklebur and giant ragweed or weeds with subsequent flushes may require a cultivation or an application of a postemergence herbicide for season-long control.

Coarse	1	0.8	6 - 8	8 - 10
Medium	1 1/2	1.2	8 - 10	10 - 12
Fine	2	1.6	10 - 12	12 - 14

Do not apply Canopy to soil with less than 1/2% organic matter.

Use higher rates of Canopy on soils with higher organic matter or heavy pressure from large deep germinating weed seeds.

Where Canopy is applied plant soybean seed 1 1/2" to 2" deep on a flat or raised seedbed only, or crop injury may occur.

Soybean injury may occur where Canopy is applied if excessive rainfall occurs after application but before soybeans germinate.

#### Precautions

Read the Canopy label carefully for cautions and precautions relating to environmental hazards, planting of rotation crops, sprayer contamination and cleanup, soil pH, organic matter and soil texture use restrictions, soybean variety planting restrictions, restrictions where atrazine or Scepter® were used the previous year, restrictions concerning use with organo phosphate pesticides, grazing restrictions and other directions, precautions and limitations before applying the TREFLAN/Canopy tank-mix.

Read the TREFLAN labels carefully for additional directions, precautions and limitations before applying these products.
