

TREFLAN TR-10® (E.P.A. REG. NO. 1471-143)

TREFLAN TR-10 FOR WEED CONTROL IN  
DRY PEA AND ENGLISH PEA

Spring Application:

Apply and incorporate TREFLAN in the spring before planting. Follow soil preparation, application and incorporation procedures recommended in the TREFLAN TR-10 label.

Fall Application in Idaho, Oregon, and Washington:

Apply and incorporate TREFLAN any time between October 15 and December 31. Destroy established weeds during seedbed preparation. Do not apply TREFLAN in the fall to soils which are continually wet or subject to periods of flooding.

Broadcast Rates Per Acre:

Soil Texture	TREFLAN TR-10	
	Spring Application (pounds)	Fall Application (pounds)
Coarse	5	5
Medium	5	6.25-7.5
Fine	7.5	7.5

Precaution:

Read the TREFLAN label for additional directions, precautions and limitations before use.
