Subject: ENOZ Moth Ice Crystals  
EPA Reg. No. 1475-1  
Your letter of May 14, 1998

Dear Ms. Hantak:

The revised labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the following changes and submit one (1) copy to us before you ship product::

1. Change the statement "Prevents moth infestation regardless of fabric type" to "For use only on cloth containing wool or wool blends."
2. Revise the Ingredient Statement as follows:

ACTIVE INGREDIENT:  
 Paradichlorobenzene . . . .99.84%  
 INERT INGREDIENTS : . . 0.16%  
 TOTAL 100.00%

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions. A stamped copy of the labeling is enclosed for your records. If you have any questions, please contact my assistant, Amy Caicedo on (703) 308-9399.

Sincerely yours,

Dan Peacock, Biologist  
Insecticide, Rodenticide Branch  
Registration Division (7505C)

Enclosures: 1. Stamped Label, 2. A-79 Enclosure

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**KILLS CLOTHES MOTHS AND CARPET BEETLES**

Use Restrictions: Kills clothes moths (larvae and adults) and carpet beetles in clean, air-tight containers (e.g., chests and trunks) and garment bags. Do not use in containers, dry cleaning and garbage bags, or closets that allow vapors to escape into occupied rooms. Do not use this product with any other moth control chemical. As Paradichlorobenzene damages some plastics, use only in polyethylene or polypropylene containers.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected. Prevents moth infestation regardless of fabric type.

Application Directions: Apply product in clean, air-tight containers listed above at the rate of 1 pound for each 100 cubic feet of confined space. For example, a closet 8 ft high, 4 ft wide, and 3 ft deep (i.e. 96 cubic feet) would need about 1 pound of product (96/50=1.9).

Post-Application Directions: Keep product in air-tight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

Retreatment: Since moths are active all year, replenish air-tight containers, bags, and closets 2 times a year or when product has dissipated.

**WARNING:**

Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Causes eye, skin, and respiratory tract irritation. Wear safety glasses. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

NOTICE: This product contains a chemical known to the State of California to cause cancer. This conclusion was based on scientific studies performed on laboratory animals.

FIRST AID: IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting. Drink promptly a large quantity of water. Avoid alcohol.

IF ON SKIN: Wash with plenty of soap and water. If symptoms persist, get medical attention.

IF IN EYES: Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention.

Probable mucosal damage may contraindicate the use of gastric lavage.

**STORAGE AND DISPOSAL:**

Storage: Store only in original container, in a cool, dry place inaccessible to children and pets. Disposal: Do not reuse empty container (or packaging). Securely wrap in newspaper and discard in trash.
