Net Contents: 1 lb. (453.6g)

**BACK PANEL:****Directions for Use:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions:** This product can treat up to 50 cubic feet. Kills Clothes moths and Carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. Do not use where there are painted/polished surfaces, and as Paradichlorobenzene damages some products, use only in polyethylene or polypropylene containers. Paradichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals. Prevents moth infestation regardless of fabric type.

**Pre-Application Directions:** Before storing, dry clean, wash or brush articles to be protected.

**Application Directions:** Remove lid and tear off inner seal. For **CLOTHING, BLANKETS, DRAPERIES, FURS, ETC.**, use 1 oz. of Enoz<sup>®</sup> Moth Ice<sup>®</sup> Crystals per 3.1 cubic feet of confined space. One loosely packed 8 fl. oz. measuring cup full of Enoz<sup>®</sup> Moth Ice<sup>®</sup> Crystals can treat about 20 cubic feet of space. Thoroughly wash measuring cup with soap and water after use. Sprinkle crystals freely on the bottom of the storage container or garment bag, between folds and layers of articles to be treated and an extra amount on top before closing container. **RUGS AND CARPETS** are effectively protected from moths and carpet beetles by freely sprinkling Enoz<sup>®</sup> Moth Ice<sup>®</sup> Crystals on the surface of the rug. Roll the rug or carpet and wrap in a polyethylene or polypropylene sheet. The seams of the plastic sheet should be taped to form an airtight container.

**Post-Application Directions:** Keep all treated articles in an airtight space or securely covered with the plastic sheet for a minimum of 7 days. Odor will quickly vanishes when articles are aired.

**Re-treatment:** Since moths are active all year, replenish airtight storage containers 2 times a year or when product has dissipated.

**PRECAUTIONARY STATEMENTS:** Hazards to Humans and Domestic Animals.  
**WARNING.** Causes eye, skin and respiratory tract irritation. Harmful if swallowed. Avoid contact with eyes, skin and clothing.

NOTICE: This product contains a chemical known to the State of California to cause cancer.

RE: ENOZ Moth Ice Crystals  
EPA Reg. No. 1475-1

Dear Dan,

Enclosed is notification, dated 1 October 2004, to delete "closets" from the front panel and the reference to closets under Use Restrictions on the back panel of SUBLABEL for "Reefer-Galler Snowwhite Nuggets". This was a typographical error, as Closets were not referenced in SUBLABEL "ENOZ Moth Ice Crystals".

Enclosed is a copy of EPA's stamped approved label dated 15 December 2003. I have highlighted in yellow all references to closets to be deleted and be consistent with the ENOZ Moth Ice Crystals.

Please give me a call if you have any questions.

Sincerely,

Susan M. Hantak  
Executive Vice President
