Net Contents: 14 oz. (396.9 g)

1 lb. (453.60g)

2 lbs. 12 oz. (1.2375 kg)

BACK PANEL:

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions:** This product can treat up to 43.75 cubic feet (14 oz. size), (50 cubic feet for 1 lb. size), (137.5 cu. ft. for 44 oz. size). Kills Clothes moths and Carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. Do not use where there are painted/polished surfaces, and as Paradichlorobenzene damages some products, use only in polyethylene or polypropylene containers. Paradichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals. Prevents moth infestation regardless of fabric type.

**Pre-Application Directions:** Before storing, dry clean, wash or brush articles to be protected.

**Application Directions:** Remove lid and tear off inner seal. For **CLOTHING, BLANKETS, DRAPERIES, FURS, ETC.**, use 1 oz. of Enoz<sup>®</sup> Moth Ice<sup>®</sup> Crystals per 3.1 cubic feet of confined space. One loosely packed 8 fl. oz. measuring cup full of Enoz<sup>®</sup> Moth Ice<sup>®</sup> Crystals can treat about 20 cubic feet of space. Thoroughly wash measuring cup with soap and water after use. Sprinkle crystals freely on the bottom of the storage container or garment bag, between folds and layers of articles to be treated and an extra amount on top before closing container. **RUGS AND CARPETS** are effectively protected from moths and carpet beetles by freely sprinkling Enoz<sup>®</sup> Moth Ice<sup>®</sup> Crystals on the surface of the rug. Roll the rug or carpet and wrap in a polyethylene or polypropylene sheet. The seams of the plastic sheet should be taped to form an airtight container.

**Post-Application Directions:** Keep all treated articles in an airtight space or securely covered with the plastic sheet for a minimum of 7 days. Odor will quickly vanishes when articles are aired.

**Re-treatment:** Since moths are active all year, replenish airtight storage containers 2 times a year or when product has dissipated.

### PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals.**

#### WARNING

Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through the skin. Causes eye, skin and respiratory tract irritation. Avoid breathing dust or vapors. Wear safety glasses. Do not get in eyes, skin and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

8 7 8

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:**

Do not use or store near heat or open flame. Do not exceed temperatures of 100° F (38° C). Avoid breathing dust or vapors. Use and store with adequate ventilation. Sweep up spilled material and place in original container for use or disposal.

**Pesticide Disposal:**

Pesticide wastes are toxic. Improper disposal of pesticide wastes is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:**

**Paper and Plastic Bag Disposal (55 lb. size):** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration if allowed by State and local authorities.

**Fiber Drum Disposal (300 lb. size):** Completely empty drum. Empty residue into application equipment. Then dispose of drum in a sanitary landfill or by incineration if allowed by State and local authorities.
