DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: This product can treat up to 43.75 cubic feet (14 oz. size), (50 cubic feet for 1 lb. size), (137.5 cu. ft. for 44 oz. size). Kills clothes moths and carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. Do not use where there are painted/polished surfaces, and as paradichlorobenzene damages some products, use only in polyethylene or polypropylene containers. Paradichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals. Prevents moth infestation regardless of fabric type.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected.

Application Directions: Remove lid and tear off inner seal. For **CLOTHING, BLANKETS, DRAPERIES, FURS, ETC.**, use 1 oz. of Enoz[®] Moth Ice[®] Crystals per 3.1 cubic feet of confined space. One loosely packed 8 fl. oz. measuring cup full of Enoz[®] Moth Ice[®] Crystals can treat about 20 cubic feet of space. Thoroughly wash measuring cup with soap and water after use. Sprinkle crystals freely on the bottom of the storage container or garment bag, between folds and layers of articles to be treated and an extra amount on top before closing container. **RUGS AND CARPETS** are effectively protected from moths and carpet beetles by freely sprinkling Enoz[®] Moth Ice[®] Crystals on the surface of the rug. Roll the rug or carpet and wrap in a polyethylene or polypropylene sheet. The seams of the plastic sheet should be taped to form an airtight container.

Post-Application Directions: Keep all treated articles in an airtight space or securely covered with the plastic sheet for a minimum of 7 days. Odor will quickly vanish when articles are aired. **Re-treatment:** Since moths are active all year, replenish airtight storage containers 2 times a year or when product has dissipated.

STORAGE AND DISPOSAL

STORAGE: Store in the original container in a cool, dry place inaccessible to children and pets.

DISPOSAL: **If empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
