MAR 20 1961

ACCEPTED

SEARS
ROEBUCK AND CO

HANG-UP PACK

NET WEIGHT
3 1/2 OUNCES

moth cake

HOW TO USE

- Be sure articles are thoroughly brushed or cleaned
- Use one 3 1/2 ounce cake for every 10 cubic feet of tightly enclosed space for moth protection; every 5 cu. ft. for mildew protection
- Open side flap, remove moth cake from box. Take off cellophane wrap & replace in box. Punch out all vent holes.
- Attach box at top of garment bag (or hanger) or to a wire, because vapors work downward.
- Check from time to time & replace with new Sears Hang-up Pack Moth Cake when down to 1/2 of original size.

CAUTION:

Do not use this moth cake with any other moth preventive chemical. Avoid prolonged breathing or repeated contact with skin. KEEP AWAY FROM CHILDREN.
