

DIRECTIONS FOR USE: 1. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. 2. To kill moths: Thoroughly clean or brush articles to be stored. Remove all cellophane from the block and hang block above stored articles in tightly sealed closet, garment bag, or storage container. Use one block for each 65 cubic feet of space. If storage container is opened occasionally, add block or blocks and reseal container. 3. To freshen closets: Just hang in closet after removing all of the cellophane. It is advisable to keep block from touching fabrics since it contains fragrant perfume oils that may stain, just as your personal perfume may.
