Attention: Ms. Susan M. Hantak

Subject **Enoz Cedar-Ise Moth Bar**
 EPA Reg. No. 1475-113
 Your amended applications of March 3 and April 10, 2003
 Revised Confidential Statement of Formula (CSF) and Label

Purpose The purpose of your submission is to revise your CSF and label, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) . You requested that your April 10 submission supercede your March 3, 2003, submission.

CSF Your CSFs dated April 10, 2003, including a Basic Formulation and an Alternative Formulation, are unacceptable. We need to know the complete chemical identity of the last ingredient in each of the formulations. If the composition of these ingredients are **not** known to you, your supplier may forward the information, including the registration number of this product, directly to us.

Label The label submitted with the above letter, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided that you make the following change submit one (1) copy of final printed labeling, including graphics, to us before you release product for shipment. A copy of the stamped label is enclosed for your records.

1. Use of the words, "Cedar-Ize" and "Cedar", in your product name are misleading because they imply that the active ingredient is "cedar" while you make no such claim for this product. Take one of the following actions:
 - a. Delete the misleading words.
 - b. Add the following words immediately below the product name: "Contains paradichlorobenzene as the active ingredient and a cedar scent as an inert ingredient." in the same type and size as the product name.

Label-continued

- 2. If you use the words "Cedar-Ize" or "Cedar" as part of your product name, your formula must contain a cedar scent and not any other scent.
- 3. You may not use the word "pine" in a product name because you do not have a pine scented formula.
- 4. Modify your "PRECAUTIONARY STATEMENTS" as follows:

PRECAUTIONARY STATEMENTS [centered, bolded]

Hazards to Humans and Domestic Animals [left justified, bolded]

WARNING [left justified, bolded]

Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Causes eye, skin, and respiratory tract irritation. Wear safety glasses. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

NOTICE: California has determined that a chemical contained in this product causes cancer based on tests performed on laboratory animals.

[First Aid Text]

Physical or Chemical Hazard [left justified, bolded]

Do not use or store near heat open flame.

- 5. Bold and center "**DIRECTIONS FOR USE**". Delete "... for moth protection and 17.2 [or 18.8, 14.9, 14, 9.4 6.3, 4.7, 3.1], cubic feet for mildew protection." as the rate may not exceed one (1) pound per 50 cu. ft.. Bold "**Use Directions:**", "**Pre-Application Directions:**", and "**Application Directions:**".
- 6. Replace "Add the following text at the end of your use directions:
 - Retreatment:** Since moths are active all year, replenish air-tight containers and bags 2 times a year.

Label-continued

7. Revise your "STORAGE AND DISPOSAL" text as follows:

STORAGE AND DISPOSAL

STORAGE: Store only in original container, in a dry place inaccessible to children and pets.

DISPOSAL: If empty: Do not reuse empty container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Existing stocks

Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance

If these conditions are not complied with, the registrations will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Questions

If you have questions about this letter, please contact me at 703-305-5407 (by phone), 703-305-6596 (by fax), or peacock.dan@epa.gov (by E-Mail).

Sincerely yours,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

 registered under EPA Reg. No.*

BACK LABEL:

Directions for Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: This product can treat up to 34.4 cubic feet for moth protection and 17.2 cubic feet for mildew protection. Kills Clothes moths and Carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics, use only in polyethylene or polypropylene containers. Paradichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected. Prevents moth infestation regardless of fabric type.

Application Directions: Unwrap the bar and while holding bar by the cellophane wrapper hang at the top of the storage container. The vapors work downward. Keep product in airtight space for a minimum of 7 days. When bar has dissipated replace with new unit. Odor quickly vanishes when articles are aired.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals.

WARNING. Causes eye, skin and respiratory tract irritation. Harmful if swallowed. Avoid contact with eyes, skin and clothing.

6 8 16

NOTICE: This product contains a chemical known to the State of California to cause cancer.

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person drink several glasses of water. • Do not induce vomiting. • Do not give anything by mouth to an unconscious person.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center (NPIC) at 1-800-858-7378 for emergency medical treatment information.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

PHYSICAL/CHEMICAL HAZARD: DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME.

STORAGE AND DISPOSAL:

Storage: Store in the original container in a dry place inaccessible to children and pets.

Disposal: If empty: Do not reuse cellophane. Place in trash or offer for recycling if available. If

partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Never place unused product down any indoor or outdoor drain.
