## NOTIFICATION PER PR NOTICE 98-10

April 16, 2009

Mr. John Hebert, Product Manager 7  
Document Processing Desk (NOTIF)  
Office of Pesticide Programs (7504P)  
US Environmental Protection Agency  
Room S-4900, One Potomac Yard  
2777 South Crystal Drive  
Arlington, VA 22202

**Subject: Notification of Label Change per PR Notice 98-10  
ENOZ® Moth-Tek® Paper Covered Moth Ball Packets  
EPA Reg. No. 1475-143**

Dear Mr. Hebert:

Enclosed please find our Notification of label change per PR Notice 98-10 to add the phrase "New Linen Scent" for a period of six months beginning when our product with this claim is first sold or distributed, and also the phrase "Linen Scented" in several locations on the label. The Agency approved a new linen fragrance for use in this formula on August 7, 2008 and we plan to introduce it to the marketplace shortly. *Note that we have also taken this opportunity to remove two time-limited scent claims that were added in July 2008.* These documents are included:

1. One application on EPA Form 8750-1.
2. Two copies of revised labeling, plus one with the changes highlighted.
3. One copy of our most recent stamped accepted label, plus subsequent Notifications for your reference.

*This notification is consistent with the guidance in PR Notice 98-10 and the requirements of EPA's regulations at 40 CFR §§156.10, 156.140, 156.144, 156.146 and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§156.10, 156.140, 156.144, 156.146 and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.*

Please call me at 314-659-1430 or email me at [ktryson@willert.com](mailto:ktryson@willert.com) if you need further information. Thank you very much for your attention to our amendment.

Sincerely,

  
Kathie J. Tryson  
Director, Regulatory Affairs

**SIDE PANELS:**

[ENOZ®Moth-Tek® Paper Covered Moth Ball Packets][Lavender Scented] [Cedar Scented][Linen Scented]

[Reefer-Galler® Moth-Tek® Snowwhite™ Paper Covered Moth Ball Packets Cedar Scented]

Don't Forget Moths Eat All Natural Fibers, so use [Enoz®Moth-Tek®] [Snowwhite™ Packets] for storing cottons and silks as well as woolens.

**BACK LABEL:**

[Enoz Moth-Tek Moth Ball Packets] [Reefer-Galler Moth-Tek Snowwhite Moth Ball Packets] were specially developed to provide the unsurpassed protection of mothballs without the harsh smell and messy residue. [Enoz Moth-Tek] [Reefer-Galler Moth Tek] combines one of the most effective mothproofing ingredients available with a fresh [lavender] [cedar] [linen] scent to create a hard-working mothball that actually smells good! These fresh-smelling mothballs are enclosed in breathable paper packets, which allow the active ingredients to work while protecting you and your clothes from messy flakes and residue.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions:** This product can treat up to 18.75 cubic feet. Kills clothes moths and carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics, use only in polyethylene or polypropylene containers. Paradichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals or placed on painted, polished or plastic surfaces.

**Pre-Application Directions:** Clean all fabrics before storage. Prevents moth infestation regardless of fabric type.

**Application Directions:** Calculate the volume to be treated in cubic feet by multiplying the height by the width, and depth of the space. Four packets can treat about 3 cubic feet of storage space. Examples of the amount of product required for proper treatment are listed below:

- 4 packets                      Small storage box (3 cu. ft.)
- 14 packets                    Average Garment Bag (12 cu. ft.)
- 18 packets                    Large Trunk (15 cu. ft.)

The proper treatment of larger volumes may require the use of additional containers of

packets. To insure protection of your clothes, use the recommended amount of packets. Do not remove the mothballs from the packets. Scatter packets throughout the storage area. Storage containers should be tightly closed at all times to maximize protection. Keep product in airtight space for a minimum of 7 days. Replace when mothballs have dissipated. Odor quickly vanishes when articles are aired.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in the original container in a dry place inaccessible to children and pets.

**DISPOSAL: If empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**WARNING.** Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through the skin. Causes eye, skin, and respiratory tract irritation. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**NOTICE:** This product contains a chemical known to the State of California to cause cancer.

FIRST AID	
If swallowed	<ul style="list-style-type: none"> <li>• Call poison control center or doctor immediately for treatment advice.</li> <li>• Have person drink several glasses of water.</li> <li>• Do not induce vomiting.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
