Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA grants this reregistration under the authority of section 3(c)(5) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for **Paradichlorobenzene** have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions: This product contains two 7 ounce cakes. One cake can treat up to 21.9 cubic feet and two cakes can treat up to 43.75 cubic feet. Kills clothes moths and carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, garment bags and closets. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics, use only in polyethylene or polypropylene containers. Do not mix p-dichlorobenzene or use it together with other moth preventive chemicals. **Pre-Application Directions:** For all fabric types: Dry clean, wash or brush articles to be protected prior to storage.

Application Directions: Open container. Unwrap both cakes, and while holding each cake by the cellophane wrapper, transfer both cakes back into the container. Place or hang the filled container at the top of the storage container or closet. The vapors work downward. Keep product in airtight space for a minimum of 7 days. When cakes have dissipated replace with new unit. Odor quickly vanishes when articles are aired.

Retreatment: Since moths are active all year, replenish air-tight closets, containers, and bags 2 times a year.

STORAGE AND DISPOSAL

Pesticide Storage: Store in the original container, in a dry place inaccessible to children and pets.

Pesticide Disposal and Container Handling: Refillable container. Refill this container with Reefer-Galler No-Moth Refills only. Do not use this container for any other purpose. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
