

Active ingredients: Menthol 1%, Naphthalene 1%, Oil Lemon grass 1%, Para-dichlorobenzene 1%, Thymol 1%, Allyl isothiocyanate (artificial oil of mustard) 0.5%.

Inert ingredients: 94.5%.

CAUTION: Keep out of reach of children. Avoid breathing of vapor. Avoid contact with skin. In case of skin contact, wash with soap and water. Harmful if swallowed. Do not get in eyes. Do not expose container to temperatures in excess of 120 F or to extreme cold. Do not puncture or incinerate container.

U.S. PAT. REG. NO. 516,511

DOG REPELLENT

KEEPS DOGS AWAY FROM TREATED SURFACES

CAUTION: Keep out of reach of children. See left panel for additional caution.

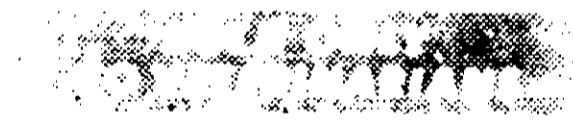

NET WT: 12 OUNCES

Manufactured by

KANSAS CITY
MISSOURI

Laboratories, Inc.

DIRECTIONS

Hold can about 12 inches from object to be sprayed. Spray all dog "scent-post" locations from which you wish to keep dogs away, such as garbage cans, shrubs, light posts, flowers, furniture, fences, and the like. Tender flowers and plants should not be sprayed directly, but spray the ground around them. If used directly on furniture, fabrics or floors, soiling or damage may occur.

In some instances, more effective results may be obtained by spraying a folded paper towel or cloth, which is then hung on the "scent post." The most effective control of a pet is the sharply spoken word, backed up by disciplinary action. This product should be used in conjunction with disciplinary training.

Repeat applications daily, or as often as necessary, to keep dogs away from the treated areas for protection.
