

[1537-25]

DESCRIPTION

For use in Dairies, Meat Packing Plants, Bakeries, Food Processing Plants, Warehouses, Box-cars, Poultry Plants, Restaurants, Super Markets, Bottling Plants . . . Wherever food products are made, stored, shipped or handled. Recommended for use in Hotels, Motels, Institutions, Theaters, Hospitals, Transportation Facilities, trains, buses, planes. Cento Insecticide Concentrate kills flies, mosquitoes, roaches, waterbugs, fleas, silverfish, and spiders that are contacted by the product.

May be used undiluted or can be diluted 1:1 with Cento 5504 Special Base Carrier yield an AA grade fly spray, CS 72-54. Do not apply as a space spray in food processing areas when these areas are in operation. Remove or cover exposed foodstuffs while spraying. After spraying, thoroughly wash all surfaces on which spray may have deposited with a detergent solution and rinse with potable water. Noncorrosive and nondeleterious to equipment, machinery, and utensils. Modern insect control requires regular treatment and good house-keeping.

DIRECTIONS FOR USE

1. Flies and Mosquitoes: Close doors and windows. Direct spray towards ceiling, and fill entire room with fog. Keep room closed for 10 to 20 minutes. Sweep up and destroy fallen insects. Repeat treatment as frequently as required.
2. Cockroaches, Waterbugs and Silverfish: Thorough and repeated spraying of the infested area should be done, hitting as many of the insects as possible. Pay particular attention to spraying in cracks, crevices, baseboards, and other hiding places.
3. Flea Infesting Premises: Can be controlled quickly and effectively by spraying floors and cracks of the infested areas. Fleas lurk in carpets and upholstered furniture. Spray liberally in these areas, as well as in baseboards, wall cracks, and sleeping quarters of animals for direct contact with these pests.
4. Spiders: Spray directly into or on spider webs with as wet a spray as possible. Also spray directly on all visible spiders with a wet spray.

CAUTION

Avoid Contamination of Food

Harmful if swallowed. Do not spray near open flame nor smoke while spraying. Remove birds, pets and fish bowls from room being sprayed. Do not use in poultry houses.

This product has been accepted by Technical Services Division, USDA for use in federally inspected meat and poultry processing establishments.
