MANUFACTURED FOR
W. F. YOUNG, INC.
Springfield, Massachusetts 01101

32 FL. OZ. (1 QUART)

WARNING-KEEP OUT OF REACH OF CHILDREN.
SEE OTHER PRECAUTIONS ON THE BACK PANEL.

LIQUID
Absorbine Flychex has been formulated to provide maximum fly protection for horses and ponies. It will prove equally effective for all breeds and types of horses. Absorbine Flychex offers these important advantages:

- Long-lasting. Stays active for hours.
- Will not discolor hair.
- Easy to use—just wipe it on.
- Practically odorless.
- Lanolin fortified to condition the coat.
- Non-sticky, non-greasy.
- Easy flow liquid.

DIRECTIONS FOR USE

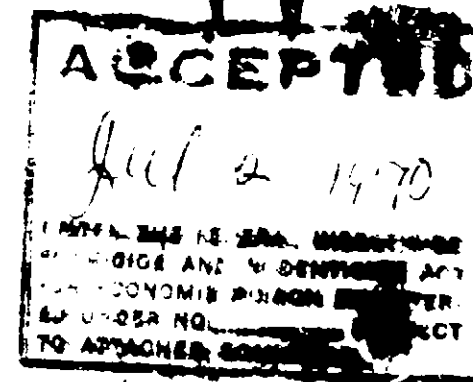

Remove loose dirt prior to application. Moisten turkish toweling with Absorbine Flychex and apply against, then with the growth of hair. It is not necessary or desirable to wet the hide. A daily application of Absorbine Flychex is usually sufficient but adverse weather conditions such as heavy showers or extremely high humidity may effect repellancy. Application should not exceed 1 to 2 ounces daily depending on the size of the animal.

It is suggested that the turkish toweling used for Absorbine Flychex be kept in a plastic bag between applications to prevent excessive evaporation. The moist toweling may be carried in a plastic bag for use on the trail if desired.

U.S.D.A. Reg. No. 1543-6

CAUTION

- Keep away from open flame.
- Do not use while smoking.
- For animal use only. Not for use on humans.
- For external use only.
- Avoid contact with eyes and mucous membranes.
- Harmful if swallowed.
