

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
1200 Pennsylvania Ave. N.W.
Washington, D.C. 20004

EPA Reg. Number

1543-15

Date of Issuance

JAN 15 2004

Term of Issuance

Conditional

Name of Pesticide Product

WFY0301

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

W. F. Young, Inc.
302 Benton Drive
P.O. Box 1990
East Longmeadow, MA 01028-5990

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), subject to the following provisions:

1. You must submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. You must make the following label change:
 - a. Delete the claim "Kills and repels ticks for 3 - 5 days" under "Horses and Ponies" and in the paragraph immediately above this section. We indicated in our December 16, 2003 letter that this claim would be acceptable, based on our incorrect determination that the claim had been approved on the label for Absorbine Ultra Shield® Brand Residual Insecticide & Repellent (EPA Reg. No. 1543-12). In fact, this product label never included a tick claim for horses and ponies, only dogs. If you wish to add a claim for ticks on horses/ponies, you must submit/cite efficacy data to support the claim.
3. Please submit two copies of your final printed label before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

Signature of Approving Official

Susan L. Stanton, for George T. LaRocca

Date:

JAN 15 2004

EPA Reg. No. 1543-15

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

George T. LaRocca

READ ENTIRE LABEL BEFORE EACH USE USE ONLY ON HORSES, PONIES, AND DOGS

Do not use on foals or puppies under 12 weeks.

Blanket your horse with WFY0301 protection from Absorbine®

Broad-spectrum control from Absorbine®

Protect your horses and dogs with Absorbine®

Performance is not affected by water, sweat, sun, dust, or dirt

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

HOLD CONTAINER UPRIGHT. SHAKE WELL BEFORE USING.

Spray or wipe on. Protect your horses and dogs.

Ready to use. No mixing necessary. This water-based formulation may be applied directly with trigger spray applicator or as a wipe-on.

17 day weatherproof formula provides long lasting repellency and protection from biting and nuisance flies, gnats and mosquitoes. Kills and repels ticks for 3 – 5 days. This unique formula also contains multiple sunscreens and coat conditioners including Aloe and Lanolin and it is pleasantly scented with Citronella.

HORSES AND PONIES: Kills and repels biting and nuisance flies, mosquitoes and gnats for up to 17 days. Repels and kills house flies, stable flies, horn flies, face flies, horse flies, deer flies, black flies, mosquitoes and gnats on horses. Kills and repels ticks for 3 – 5 days.

USE AS A WIPE OR A SPRAY: This product may be applied either as a wipe or as a spray. When applying as a wipe, or on the horse's face, always use a soft cloth. First brush animal to remove excess dirt and dust. Spray or wipe horse's entire body while brushing against the lay of the coat to ensure adequate coverage. Avoid getting spray into horse's eyes, nose or mouth. Do not wet skin, or apply to the point of dripping or exceed two ounces per application. Reapply every 7 to 10 days under normal conditions for initial applications. As protection builds, reapply every 12 to 17 days as needed. Also, reapply each time animal is washed or exposed to heavy rain for best results. After application, brush thoroughly to bring out bright sheen on the coat.

DOGS: Kills fleas, ticks, mosquitoes and lice on dogs. Also kills fleas, ticks, mosquitoes and lice around premise. Cover animal's eyes with hands. With a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With soft cloth, rub into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against natural lay of the hair. On long haired dogs rub against the lay of the hair spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. During the flea season retreat every 3 - 4 weeks if necessary. Kills fleas, ticks and lice on dogs and provides up to 28 days protection from reinfestation. Sensitivities may occur after using ANY pesticide product on pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals or animals on medication.

DOGS SLEEPING QUARTERS: Spray around baseboards, windows, door frames, wall cracks and local area of floors. The pet's bedding areas should be sprayed. Spray old bedding or replace with fresh bedding.

STORAGE AND DISPOSAL STATEMENTS	
PESTICIDE STORAGE:	Store in a cool area above 32°F and protect from freezing.
PESTICIDE DISPOSAL:	If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or (1-800-CLEANUP or equivalent organization) for disposal instructions. Never place unused product down any indoor or outdoor drain.
