NET WT. 1 POUND

HOW TO MOTH PROTECT CLOTHING, WOOLENS AND FURS

1. Dry clean, wash or brush articles thoroughly before storing.
2. Moth-protect any garment or blanket made of wool or part wool, and furs.
3. Store these articles in a clean, air-tight garment bag, closet or chest.
4. Use 1 lb. for each 50 cu. ft. of air-tight storage space. $\frac{1}{2}$ lb. for a large trunk, $\frac{1}{4}$ lb. for an average size garment bag and 2 lbs for a normal closet.
5. Moths are active the year 'round. Replenish moth preventives in enclosures at least 2 times a year.
6. When removing articles from storage, brush and hang in a warm draft or sunlight.
7. Do not mix this product with other Moth Preventive chemicals.
