

DIRECTIONS: Remove cellophane. Brush and clean garments thoroughly before storing. Use not less than 1 oz. to 2-1/2 cu. ft. of air-tight space and/or 1 para block per 25 cubic feet of tightly confined space. Hang or place paradichlorobenzene near top of container or closet as the fumes are heavier than air. If storage space is opened, add additional product and keep closet or container air-tight for at least 7 days. Do not mix with other moth-preventive chemicals.

BLOCK

Kills Clothes Moths & Larvae
Stops Mildew
Deodorizes Air

Active Ingredients: Paradichlorobenzene 99.75%
 Inert Ingredients: 0.25%

CAUTION:
Keep Out Of
Reach Of Children.
Harmful If Swallowed.

TO RETARD MILDEW: Place Curran Moth Block in area of container where leather and clothing are stored, particularly damp areas. Hang or place paradichlorobenzene product near top of container or closet as fumes are heavier than air. Storage areas or containers should be tightly sealed after application. Use at rate of 1 oz. to 3 cu. ft. of air-tight space and/or 1 para block per 30 cubic feet of tightly confined space. If storage area or container is opened, add additional product and keep tightly closed for at least 7 days.
