

MOMAR BUTOXOL

ACTIVE INGREDIENTS

Pyrethrins	0.75	99.790%
*Technical Piperonyl Butoxide	750	
Petroleum Distillate	98.965	

INERT INGREDIENTS

2.10%

TOTAL INGREDIENTS

100.000%

*Consist of 0.60% (Butylacetyl) 6.7% (piperonyl) Ether and 0.150% other related compounds

A PYRENONE PRODUCT

For controlling Fleas, Mosquitoes, Fleas, Moths, and other pests on Mattresses, Carpets, Bedspreads, Bed Rugs, and Rugs. For use on floors, walls, and other surfaces.

DIRECTIONS

FLEAS, MOSQUITOES AND SMALL TO MEDIUM MOths - Always retreat towards the direction of the wind with a mist of MOMAR BUTOXOL. Brush or wash and dry all clothing used before spraying. Clothes then folded for at least 24 hours with spraying. Sweep up spider insects and dispose of them. Repeat treatment as necessary.

CLOTHES MOTHS and CARPET BEETLES (BUFFALO BEETLES) - Spray thoroughly all closets, trunks and other storage spaces, making sure to reach all the hiding places of these insects. Brush and clean clothing and spray it thoroughly, making sure to reach seams, folds, and other hiding places. Repeat every three or four weeks. This spray kills all larvae and eggs with which it comes in contact.

ROACHES AND WATER BUGS - Requires thorough and repeated spraying of the infested areas, working the spray into cracks and other hiding places spraying directly on the insect.

FOR ANTS - Same as for roaches with special emphasis on the treatment of ant trails and areas around door sills and window frames where the ants enter the premises.

FOR FLEAS - Same as for roaches with repeated treatment of floors, baseboards, floor coverings, and wall cracks, as well as sleeping quarters of animals.

BED BUGS - Take beds apart and spray thoroughly all surfaces, cracks, and crevices, also spraying springs, slats and mattresses, especially all seams, tufts and bindings. Also spray around and behind wherever possible all baseboards, picture moulding and other similar places. Watch infested rooms constantly and repeat as often as it is necessary.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME. DO NOT REMAIN IN TREATED AREAS. VENTILATE THE AREA AFTER TREATMENT IS COMPLETED. REMOVE PETS, BIRDS, AND COVER FISH AQUARIUMS BEFORE SPRAYING. HARMFUL IF SWALLOWED.

NOTE: DO NOT RE-USE EMPTY CONTAINER. DESTROY IT BY PERFORATING OR CRUSHING. BURY OR DISCARD IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

FOR INDOOR USE ONLY
