

UNDER THE FEDERAL INSECTICIDE  
 FUNGICIDE AND RODENTICIDE ACT  
 TOXIC POISON REGISTERED  
 UNDER NO. 1553-65

EXTERMIN-8 RESIDUAL INSECTICIDE is a highly effective new formulation which provides rapid kill of such crawling insects as listed below including those resistant to certain chlorinated hydrocarbon and phosphate insecticides

- |                 |            |                           |
|-----------------|------------|---------------------------|
| ants            | Fleas      | Scorpions                 |
| Brown dog ticks | Flies      | Saw-toothed grain beetles |
| Clover mites    | Millipedes | (exposed stage)           |
| Crickets        | Mosquitoes | Silverfish                |
| Earwigs         | Roaches    | Sowbugs                   |
|                 |            | Spiders                   |

In addition to rapid kill EXTERMIN-8 RESIDUAL INSECTICIDE stays on treated surfaces and kills insects many weeks after the spray deposit has dried.

**HOW TO USE:**

EXTERMIN-8 RESIDUAL INSECTICIDE is ready to use undiluted as it comes from the can, and may be applied with either power-operated or hand sprayers. Apply as a coarse spray to infected surfaces until wet, moving the spray stream rapidly enough to prevent excessive wetting of surfaces and waste of material. Direct spray away from people, plants, and pets.

**RESTRICTIONS:**

Do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces such as tiles and floor coverings. Do not allow the small, finger-operated, plastic attachment type sprayer to remain in Extermin-8 Residual Insecticide for extended periods as the plastic sprayer may be damaged. **FLAMMABLE** — Do not spray into or near open flame. Do not smoke while using. Keep container away from stoves, radiators, or other hot surfaces.

**DIRECTIONS FOR USE**

**IMPORTANT:**

Read these entire Directions before using EXTERMIN-8 RESIDUAL INSECTICIDE

# MOMAR EXTERMIN-8

## RESIDUAL INSECTICIDES CONTAINS BAYGON<sup>®</sup>

Kills ants, roaches, spiders and other crawling insects. Insect-killing power lasts for weeks. Spray only on surfaces. Do not use as a space spray.

Baygon<sup>®</sup> is a registered trademark of Farbenfabriken Bayer A.G., Chemagro Corporation licensee.

ACTIVE INGREDIENTS	85.00%
o-Isopropoxyphenyl Methylcarbamate	1.00%
Petroleum Distillate	84.00%
INERT INGREDIENTS	15.00%

U.S. Patent No. 3,111,539. This material used under license from Chemagro Corporation.

**CAUTION:** Keep out of reach of children. Read precautions on right panel. **FLAMMABLE MIXTURE.** Do not spray into or near open flame. Do not smoke while spraying.

## INDOOR USE

**ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, SAW-TOOTHED GRAIN BEETLES, (EXPOSED STAGE), WATERBUGS:** Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact treated areas until surfaces are thoroughly dry.

**BROWN DOG TICKS:** Spray sleeping quarters of pets, around baseboards, window and under door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

## OUTDOOR USE:

**ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, FLIES, MILLIPEDES, MOSQUITOES, SOWBUGS, AND BROWN DOG TICKS:** Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundation, patios, or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation.

## FOR USE IN FOOD PROCESSING PLANTS:

Use only in inedible product area. Spray when not in operation. Do not contaminate food or water. Follow directions on label for indoor use.

## CAUTION

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly after using. Avoid contamination of food, utensils, and food preparation areas. Should illness occur, get prompt medical aid. Physician: Atropine sulfate is antidotal.
