Hazards to Humans**

CAUTION

Harmful if swallowed. Avoid contact with eyes and mucous membranes. If this product should contact these areas, wash immediately with water. This product should not be used by ragweed sensitized persons.

If skin irritation or signs of infection are present, or if infestation of eyelashes or eyebrows is present, consult a physician.

Physical Hazards

Do not store near heat or open flame.

EPA Reg. No. 1553-106

EPA Est. No. 1553-GA-01

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage and Disposal

Storage: Store in a cool, dry place away from heat and open flame.

Disposal: Do not reuse container. Wrap in paper and discard with household trash.

To kill lice, apply enough liquid to completely cover the hair and scalp or other louse-infected areas, except the eyelashes and eyebrows. Rub in. Allow to remain for no longer than 10 minutes. Wash with plenty of soap and warm water. Shampoo may be used if desired. Remove dead lice and their eggs from hair with a fine-toothed comb. Repeat as necessary, but do not exceed two consecutive applications in 24 hours.

In order to prevent re-infestation with body lice, all clothing must be sterilized concurrent with application of this product.
