

## DIRECTIONS FOR USE

It is a violation of Federal law to sell this product to a major retail store with the following instructions.

### APPLICATIONS INSTRUCTIONS FOR CONTACT SPACE AND RESIDUAL SPRAYS

**FOR INDOOR USE** — In non-food areas: Kitchens, pantries, bedrooms, living rooms, dining rooms, bathrooms, closets, attics, basements, crawl spaces, and storage buildings. Homes in flea, tick, and mosquito infestations. Use before moving into new home. Use before treatment. Also, use in homes with children and pets. Use in schools, day care centers, and day camps. Use in hotels, motels, and resorts. Use in restaurants, bars, and clubs. Use in public buildings, schools, and libraries. Use in horse stables, kennels, and kennel buildings. Use in animal shelters.

**CONTACT SPRAY** — KILLS AND REDUCES INFESTATION: COCKROACHES, CRICKETS, SILVERFISH, CARPET BEETLES, CENTIPEDES, EARWINGS, FLOUR BEETLES, GRAIN MITES, MILLIPEDES, SOWBUGS, SPIDERS. Apply as a contact spray. Use spray tank with IMPERIAL XX formulation. Keep spray nozzle at least 12 inches from surface to be treated. Adjust pressure and nozzle to deliver a coarse wet spray. When insect is contacted, spray is effective. Spray thoroughly in hiding places, such as cracks, crevices, and under appliances. Do not spray in cracks under refrigerators and other appliances, baseboards, and storage areas. Apply spray directly to insects at the point of contact. Spray directly on insects where possible. Repeat as necessary.

**ANTS** — To kill ants, spray trails, nests and points of entry with this preparation. Spray in ant hills and nests. Repeat as necessary.

**TO KILL BEDBUGS** — Apply as a contact treatment to cracks and crevices, especially in bed frames, headboard and walls. First, thoroughly clean and wash mattresses and bedding. Then, spray in cracks and crevices that may harbor bedbugs, concentrating on tufts, folds and seams. Repeat as necessary. For persistent infestation, use professional application.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Keep this and all other pesticides out of the reach of children. Avoid breathing dust or spray. Avoid contact with eyes. Wash thoroughly after use. Avoid contact with clothing. Do not spray in human occupied areas. Do not use in occupied areas.

Do not use in food handling areas. Do not use in areas where food is prepared or stored. Do not use in areas where food is consumed. Do not use in areas where food is stored. Do not use in areas where food is prepared or stored. Do not use in areas where food is consumed. Do not use in areas where food is stored.

### ENVIRONMENTAL HAZARDS

Keep out of water streams, ponds, lakes, rivers, and wetlands. Do not use in areas where water is used for drinking. Do not use in areas where water is used for irrigation. Do not use in areas where water is used for recreation. Do not use in areas where water is used for other purposes.

### FIRST AID

If swallowed, do not induce vomiting. Drink plenty of water. If inhaled, get fresh air. If in eyes, wash with water. If on skin, wash with soap and water. If on clothing, remove clothing. If on face, wash with soap and water. If on hands, wash with soap and water.

CONTENTS:

**RESIDUAL SPRAY:** Kills **COCKROACHES, CRICKETS, SILVERFISH, ANTS, CENTIPEDES, EARWIGS, GRAIN MITES, SOWBUGS, SPIDERS**. Kills for up to 4 weeks. Spray baseboards, trim, and trim lines around door and window frames, and other hiding places such as closets, in back of and under appliances, under cupboards, in kitchens and bathrooms, in basements, in crawl spaces, in cracks and crevices, on walls and dark places. Apply as a coarse wet spray in a 4 to 6 foot and 10 to 12 inch strip, with 1/2 inch of run-off. Repeat as necessary.

**FRUIT FLIES, HOUSEFLIES, MOSQUITOES, MOTHS, GNATS:** Apply as a space spray. Adjust pressure and nozzle to deliver a fine mist spray. Close all doors and windows. Point nozzle upward, direct spray in all four parts of the room, especially windows and other light sources which attract these insects. Keep the spray nozzle at all times at least four feet from fabrics to avoid wetting or staining. Fill the room with mist at the dosage rate of one fluid ounce per 100 cubic feet of space. Then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed and before re-entry.

**OUTDOORS:** To control nuisance pests around porches, patios and paved areas. Apply as a contact spray. Spray directly on insects. Avoid spraying turf or plants.

**WASPS, YELLOW JACKETS, HORNETS:** Application should be made in late evening when insects are at rest. Spray liberally into the nest and breeding places, contacting as many insects as possible. Repeat as necessary.

**CENTIPEDES, EARWIGS, MILLIPEDES, SOWBUGS, SPIDERS:** Apply as a contact spray, as for and/or use.

### STORAGE AND DISPOSAL

- STORE AT TEMPERATURES ABOVE 32° F.
- DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL
- OPEN DUMPING IS PROHIBITED
- DO NOT REUSE EMPTY CONTAINER

**Pesticide Disposal:** Pesticide spray mixture or residue that cannot be used or chemically processed should be disposed of in a landfill approved for pesticide or buried in a safe place away from water supplies.

**Container Disposal:** Reseal container and offer for reconditioning or triple rinse (or equivalent) and offer for recycling, reconditioning or disposal in appropriate landfill or bury in a safe place. Consult federal, state or local disposal authorities for approved alternate procedures.
