**PRECAUTIONARY STATEMENTS**  
 related to Health and Domestic Animals

**DANGER**

Keep Out of Reach of Children. Causes severe eye and skin damage. Do not get in eyes, on skin or clothing. Harmful or fatal if swallowed. Wash goggles or face shield and rubber gloves after handling. Avoid contamination of food.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash all contaminated clothing before reuse. If Swallowed: Drink plenty large quantities of milk, egg whites, gelatin solution or a slurry of hot porridge. Do not induce vomiting. Call a physician immediately.

**NOTE TO PHYSICIAN**

Probably mucosal damage may contraindicate the use of gastric lavage. Measures against ocular injury, respiratory depression and convulsion may be needed.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.**

**STORAGE** - Open dumping is prohibited. Do not reuse empty container. If contents are spilled due to container damage collect liquid with absorbent material and dispose of in accordance with local, state and federal pesticide disposal regulations.

**PESTICIDE DISPOSAL** - Pesticide wastes are acutely toxic. If you are uncertain of how to dispose of them a pesticide spray mixture or residue is a violation of Federal law. If it is a violation of Federal law to use, contact your State Pesticide or Environmental Enforcement Agency or the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL** - Metal containers - Triple rinse (or equivalent). Then offer for recycling or for reconditioning or burn/destroy. Plastic containers - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or burn/destroy. If it is a violation of Federal law to use, contact your State Pesticide or Environmental Enforcement Agency or the nearest EPA Regional Office for guidance.

MOMAR Q-99 is a heavy duty disinfectant and cleaner designed for schools, hotels, offices, hospitals, food processing plants and large industrial operations where heavy duty cleaning is of prime importance. When used as directed, MOMAR Q-99 is formulated to disinfect non-porous hard surfaces such as walls, floors, tile tops, metal tanks, tables, chairs and instruments. For large areas such as patient care facilities it is convenient, the product is designed to provide both heavy duty cleaning and disinfecting. MOMAR Q-99 is designed to aid in controlling the spread of virus contamination in areas where heavy duty cleaning is necessary.

When used as directed, MOMAR Q-99 will remove most household dirt in a single simple application. In addition, MOMAR Q-99 disinfects those areas which generally are hard to reach, such as garbage storage areas, empty garbage bins and cans, toilet bowls and any other areas which are prone to odors caused by microorganisms.

**DISINFECTION** - At 4.5 ounces per gallon dilution, MOMAR Q-99 provides effective disinfection activity against the organisms: *Salmonella choleraesuis*, *Staphylococcus aureus*, and *E. Coli*.

At this level, the product is also fungicidal against pathogenic fungi: *Trichosporon marthiae* and *Trichophyton mentagrophytes*.

At 6 ounces per gallon dilution, MOMAR Q-99 is an effective hospital disinfectant and demonstrates disinfection activity against *Pseudomonas aeruginosa*.

Efficacy tests have demonstrated that MOMAR Q-99 is an effective bactericide and fungicide in the presence of organic soil (5% total extract).

**MILD AND MILDWEATHER** - MOMAR Q-99 prevents and controls mold and mildew and the odors they cause on hard, non-porous inanimate surfaces at 4.5 ounces per gallon dilution.

MOMAR Q-99 heavy duty disinfectant has been designed specifically for hospitals, schools, nursing homes, hotels, food processing plants and other institutions where housekeeping is of prime importance.

**DISINFECTION** - To disinfect non-porous surfaces, such as walls, floors, table tops, apply solution with mop, cloth or sponge or mechanical brush as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes and then air dry.

**DILUTION RATES** - General Disinfection - Add 4.5 ounces MOMAR Q-99 per gallon of water. Hospital Disinfection - Add 6 ounces MOMAR Q-99 per gallon.

To disinfect toilet bowls, flush toilet, add 1 ounce MOMAR Q-99 disinfectant directly to the toilet water. Scrub the toilet thoroughly using a toilet brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.

For heavily soiled areas a pre-rinsing step is suggested and recommended. Prepare a wash solution for each use. **MILDWEATHER** - To prevent mold and mildew on non-porous surfaces (such as floors, walls, table tops), add 1 ounce MOMAR Q-99 per gallon of water. Apply solution with a cloth, mop, or sponge making sure to wet all surfaces thoroughly. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mold or mildew growth appears.
