Virginia Beach, VA 23455

Attn: William M. Edwards

Subject: Steramine 1-G Tablets
EPA Registration No. 1561-11
Letter dated October 7, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

a. On the left panel, revise the precautionary statements to read:

Precautionary Statements
Hazards to Humans and Domestic Animals

Danger. Corrosive. Keep Out of Reach
Children. Causes eye damage and skin
irritation. Do not get in eyes, on skin,
or on clothing. Wear goggle or face shield
and rubber gloves when handling. Avoid
prolonged skin contact. In case of contact,
flush with plenty of water. If irritation
persists, get medical attention. Avoid
contamination of food.

b. Change the heading "First Aid" to "Statement of
Practical Treatment" and revise the instructions to read:
If tablets are swallowed, drink promptly large quantities
of water. Avoid alcohol. Get medical attention
immediately.

SURNAME							
DATE							

c. In the "Note to Physician" section, delete the last sentence beginning with "measures against may be needed."

d. Delete the following misleading statements:

accurate
convenient
Effective

2. Submit an updated Confidential Statement of Formula, EPA Form 8570-4 for our review. A copy of the form is enclosed.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Martha DeLaney at (703) 305-6982.

Sincerely.

DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Prepare sanitizing solutions with warm water. Allow several minutes for tablets to dissolve before using. For sanitizing Dishes, Glasses, and Utensils in Restaurants, Taverns, etc.

1. Scrub and prewash utensils and glasses whenever possible.
2. Wash with a good detergent or compatible cleanser in first sink compartment.
3. Rinse with clean water in second sink compartment.
4. Sanitize in a solution of 1 tablet per 1 gallon of water (200 ppm) in third sink compartment. Immerse all utensils for at least one minute or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air dry.
6. A fresh sanitizing solution must be prepared at least daily or more often if the solution becomes diluted or soiled.

Steramine sanitizing solutions of 200 ppm concentration may be safely used on food processing equipment and utensils and on other food contact articles as specified under Subpart F of the Food Additives Amendment by the U.S. Food and Drug Administration.
