Mr. Peter R. Johnson  
Stanhome, Inc.  
Stanley Home Products Division  
333 Western Avenue  
Westfield, MA 01085

Dear Mr. Johnson:

Subject: Perfumed Crystals  
EPA Registration No. 1574-4  
Your Resubmission Dated July 22, 1992

This is in response to your resubmission of revised labeling as requested in our letter of June 26, 1992.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your records. Five copies of the finished labeling must be submitted before you release the product for shipment.

If you have any questions, please contact Ms. Barbara Pringle at (703) 305-6484.

Sincerely yours,

Ruth G. Douglas  
Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (H7505C)

# Perfumed Crystals

Protects against Clothes Moths, Carpet Beetles - Controls Mildew

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**GARMENTS AND BLANKETS** Wash or dry-clean before storing. Use Perfumed Crystals generously and store in tightly closed space. Sprinkle crystals freely on woolen articles.

If garments or blankets are of synthetic material or have very delicate colors, fold crystals in tissue paper between layers of articles in drawers or trunks.

Fumes are heavier than air, so place crystals near top of storage area. Spread them in shallow container - such as shoe box top, inexpensive pie plate, or improvised tray of metal foil. Keep crystals from contact with

plastic buttons or vinyl plastic film. Do not use with plastic coat hangers or with chipped or unpainted wire hangers.

For clothes moths and carpet beetles, use contents of this can to each 120 cubic feet of tightly closed space.

These crystals melt at about 125°F. Do not let them drip on garments, furniture, floors.

**RUGS AND UPHOLSTERY** Thoroughly brush or vacuum, remove food particles and stains. Liberally sprinkle crystals on rugs and upholstered pieces (also between cushions, sides and back) and wrap tightly in heavy kraft paper for at least 2 hours. Retain wrappings if articles are to be stored. Do not let crystals contact plastic or synthetic material, floors, or hard-surface flooring such as asphalt tile.

**MILDEW** To help prevent mildew on clothing, jackets, leather articles, papers and books, store them in a tightly closed space with Perfumed Crystals. When treated space is opened or unsealed, add more crystals. Follow directions above for clothes moths and carpet beetles.

For mildew, use contents of this can to each 120 cubic feet of tightly enclosed space. Sprinkle a few Perfumed Crystals in laundry hamper to mask or neutralize musty odors.

### STANLEY GUARANTEE

If you are not satisfied with this product, return it to your Stanley Dealer for exchange or full refund. Or write Consumer Relations, Stanley Home Products, Westfield, MA 01085.

**CAUTION** Avoid prolonged inhaling of fumes. Avoid contact with skin and eyes. Replace cover to prevent evaporation.

Avoid leaving container in extreme heat, such as closed car during summer. Keep contents from contact with plastic or leather.

**STORAGE** Store in original container placed in a locked storage area in a dry place no lower than 50°F or higher than 120°F.

**DISPOSAL** Do not reuse empty container. Wrap container and put in trash.

**NOTE** This product contains a chemical known to the State of California to cause cancer and/or birth defects or other reproductive harm.
