

APR 29 1991

Mr. Peter R. Johnson
Stanborne, Inc.
333 Western Avenue
Westfield, MA 01085

Dear Mr. Johnson:

Subject: Revised Label - Confidential Statement of Formula
Enda-Bug Insecticide III
EPA Registration No. 1574-34
Your Submission Dated November 14, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

~~As new labels are prepared, delete "Confidential Statement of Formula" and "Confidential" from the label. If certain portions have not been classified, delete "Confidential" from those portions.~~

Also, delete the reference to other isomers of d-phenothrin in the ingredient statement and combine the total for that active ingredient so that it reads ". . . 0.15%."

Sincerely yours,

RFM

STANLEY CARE
For You and Your Home
DIRECTIONS FOR USE
SHAKE BEFORE USE.
HOLD CONTAINER UPRIGHT.
APPLY IN SHORT BURSTS.

To Kill Flies, Mosquitoes, Small Flying Insects and Gnats Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Spray 5 to 10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and vacuum fallen insects.

To Kill Cockroaches, Ants and Crickets Contact as many insects as possible with the spray. In addition to thorough spraying of all parts of the room suspected of harbouring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

To Kill Sawbugs, Centipedes, Firebrats and Spiders Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harbouring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators.

To Kill Fleas and Brown Dog Ticks Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pet quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.
