

ACCEPTED

Jan 24-1974

UNDER FEDERAL REGISTERED
1591-1

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in service areas while food is exposed.

Antidote: Give a tablespoon of salt in a glass of warm water and repeat until vomit fluid is clear. Give milk or white of egg beaten with water. Call a physician immediately.

WARNING: Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in service areas while food is exposed.

Wear a mask or respirator, or cotton may be placed in nose to prevent inhaling dust or fumes.

Roach Control Directions: The dust should be placed only in areas inaccessible to children and pets. Any powder visible after application is completed should be carefully brushed into cracks and crevices or else removed. Roach dusts may be applied on surfaces behind sinks, refrigerators, stoves and cabinets that are not accessible to children, pets, or children.

Ant Control Directions: This dust is very effective against ants. For best results use in dry weather. Destroy ant beds in yard by stirring up soil until small white eggs are found and dust thoroughly.
