HERE

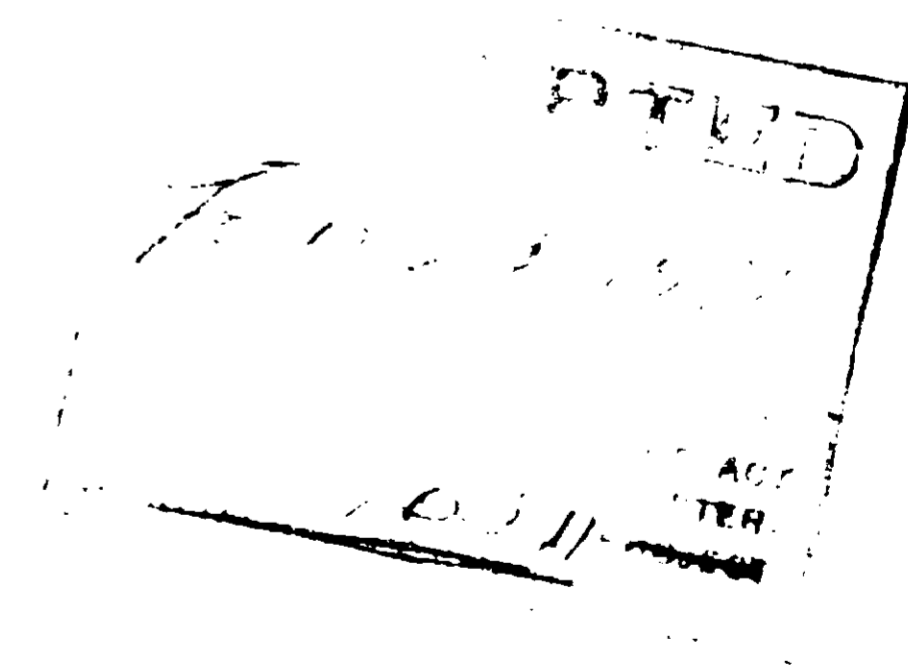

**especially for use  
in garment bags**

**DIRECTIONS**

1. Be sure to remove inside wrapper from cake and replace cake in NO-MOTH HANGARETTE. 2. Thoroughly brush or clean all garments before they are stored. 3. Attach NO-MOTH HANGARETTE to clothes hanger or to wire, at top of each garment bag because the vapor works downward. 4. One NO-MOTH HANGARETTE is sufficient for up to 18 cubic feet of tightly confined space. 5. For continuous protection place a new NO-MOTH HANGARETTE in garment bag before this one is entirely evaporated. 6. Do not use NO-MOTH HANGARETTE with naphthalene or camphor, nor use with styrene plastic hangers.
