**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
  - A. Add the phrase, "EPA Registration No. 1603-35" to your label before you release the product for shipment.
  - B. Place the Storage and Disposal instructions in the "Directions For Use" section of the product labeling.
  - C. Because the flashpoint of the subject product is not over 150°F, place the following statements under the Precautionary Statements section of the labeling:

Physical or Chemical Hazards

Do not use or store near heat or open flame.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

- 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

For your information:

- The revised Confidential Statements of Formula (for a basic and an alternate formulation) dated 2-8-93 are filled out correctly and completely. They are in compliance with PR Notice 91-2, agree with the label claim (the nominal concentration) and are acceptable.
- The Product Chemistry submitted to support the registration of the subject product under MRID No. 423705-1 satisfies data requirements for end use product series 63 and is acceptable.

A stamped copy of the labeling is enclosed for your records.

If you have any questions about these comments, please call Bill Wooge at (703) 305-5295.

Sincerely,

Ruth G. Douglas
