

CONTAINS DIAZINON

KILLS RESISTANT ROACHES

Roaches, ants, flies, mosquitoes, fleas (outdoors), waterbugs, wasps, brown dog ticks, silverfish, spiders, crickets, chiggers, flying moths, carpet beetles

**CAUTION: KEEP OUT OF REACH OF CHILDREN
SEE BACK PANEL FOR OTHER CAUTIONS**

Net Wt.
11 ozs.

Residual INSECT SPRAY

ODORLESS • STAINLESS • KILLS EVEN RESISTANT ROACHES, ANTS AND FLIES • RESIDUAL TYPE •

ACTIVE INGREDIENTS: 70%

0.500% 0,0-diethyl 0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate

0.052% pyrethrins

0.261% technical piperonyl butoxide (equivalent to 0.209% (butylcarbonyl) (6-propylpiperonyl) ether and 0.052% other related compounds)

69.187% petroleum distillate.

INERT INGREDIENTS: 30%

CAUTION

Harmful if swallowed. Avoid contamination of feed and foodstuffs. Avoid repeated or prolonged inhalation and skin contacts; wash thoroughly after using. Do not use on household pets or humans. Never set container on stoves, radiators, nor places where temperature will exceed 120°F. and may cause it to burst. Do not puncture or throw container into fire.

COMBUSTIBLE MIXTURE: Do not spray near open flame. Do not smoke while using.

DIRECTIONS FOR USE

TO OPERATE: Hold can upright and spray infested surfaces only until wet.

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces

behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.
