DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Apply this product to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks and bedframes with a cloth or mop so as to thoroughly wet surfaces. Preliminary cleaning is required. Thoroughly wash surfaces with a detergent followed by a water rinse before applying the disinfecting solution. Prepare a fresh solution daily or when use solution becomes visibly dirty.

DISINFECTING: For disinfecting pre-cleaned, hard, non-porous surfaces use 4 oz. of this product per gallon of water. Thoroughly wet the surface with solution for a minimum contact time of 10 minutes. After disinfecting, drain the use solution from the surface and air dry.

CLEANING AND DEODORIZING: Mix 2 ozs. of this product to one gallon of water to clean and deodorize under ordinary conditions. For exceptionally dirty conditions, use 4 to 13 ounces of this product to 1 gallon of water.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE

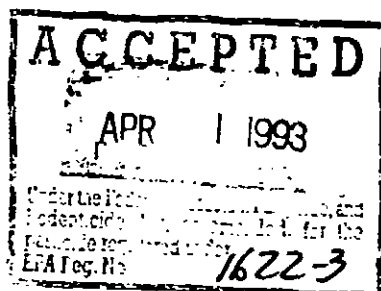

Store in a dry area at moderate temperature. Keep container closed when not using. If material is released or spilled pick up excess with shovel. Place material and place in separate container. Flush area with water. Dispose of the container according to local, state or federal provisions.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

No. 4 PYNTOX DISINFECTANT

LIMITED DISINFECTANT AGAINST BACTERIA OF INTESTINAL ORIGIN

EPA Reg. No. 1622-3 EPA Est-1622-CA-1

ACTIVE INGREDIENT :
