

**KLIX** *Chemical Company, Inc.*

A heavy duty, highly concentrated emulsion bowl cleaner fortified with a strong disinfectant to combine cleaning and disinfecting in one easy and complete operation. Formulated for those really tough cleaning jobs of toilet bowl and urinals. Removes scale encrustations and soil accumulations with relative ease and at the same time disinfects and destroys many odor creating bacteria. Inhibited to prevent corrosive damage to pipes and plumbing.

**DIRECTIONS:**

Before applying remove water by forcing over trap with bowl mop. Saturate mop with 2 to 4 ozs., of the undiluted cleaner and swab entire bowl or urinal, especially under rims.

Wear rubber gloves while using.

For water line stains, rub with steel wool saturated with cleaner; allow cleaner to remain on surface several minutes. Rinse well.
