**BORATEEM**  
**BABY'S LAUNDRY**

SANITIZES, DEODORIZES, SWEETENS  
FIGHTS BACTERIAL ACTION IN DIAPER

**SOAKS OUT STUBBORN STAINS**

Helps prevent formation of ammonia by checking growth of ammonia-producing, odor-causing bacteria while diapers are worn, even when they are wet.

Makes all baby's laundry whiter, softer, and more absorbent.

Replaces unpleasant "diaper" odor with a fresh, sweet fragrance.

BORATEEM soaks out stubborn stains such as baby formula, fruit, vegetables, urine, feces while cleaning fabric.

cleans,  
whitens.
