Wood Preservative

For protection and preventative treatment of wood* against decay fungi and wood-destroying insects.

(*Also for wood-foam composite structural components.)

Active ingredient:

Disodium Octaborate Tetrahydrate	98%
Na ₂ B ₈ O ₁₃ ·4H ₂ O	

Other ingredient	2%
(Product contains 2% H ₂ O - absorbed moisture)	

CAUTION

KEEP OUT OF REACH OF CHILDREN NOT FOR FOOD OR DRUG USE

EPA Reg. No. 1624-39

EPA Est. 1624-CA-1

PRECAUTIONARY STATEMENTS:

Hazards to humans and domestic animals, CAUTION

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

Personal Protective Equipment (PPE)

Mixers/loaders, applicators and other handlers must wear: Long-sleeve shirt and long pants

Shoes plus socks

Protective evewear

Chemical resistant gloves (such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, polyvinyl chloride or viton), and

Respirator with a dust, fume, mist removing cartridge in accordance with NIOSH Guidelines: 42 CFR Part 84 when occupational exposure limits (OSHA TLVs) are exceeded.

User Safety Recommendations Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly.

First Aid

If swallowed, call the emergency number listed below or a Poison Control Center, or doctor immediately for treatment advice. Have person drink 1 to 2 glasses of water if able to swallow. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes, hold eye open and rinse slowly and gently with water for 15 to 20 minutes, remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

If on skin, take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advice.

If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

In case of emergency, for additional information call the emergency number below. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment

Environmental hazards

Tim-bor industrial or Tim-bor solutions carelessly spilled or applied to cropland or growing plants, including trees and shrubs, may kill or seriously retard plant growth This pesticide is toxic to fish and wildlife. Do not contaminate water by cleaning of This pesticide is toke to that and wholes, bo not containinate water of teaming of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

General Information

Tim-bor industrial is a water soluble inorganic borate salt for the protection and treatment of wood, wood products, and wood-foam composite structural components that are protected from excessive amounts of liquid water and are not in direct contact with soil except for when followed by a post treatment of oil borne preservatives under AWPA Use Category System U1-03 commodity specification C-Crossities and Switch ties. For further clarification of appropriate applications please crossues and Switch ties. For further clarification of appropriate applications please refer to the AWPA Use Category System. *Tim-bor* Industrial is effective against decay fungi and wood boring beetles including Powder Post (Lyctidae), Furniture Beetles and Old House Borers (Anobiidae), Longhorn Beetles (Cerambycidae), Subterranean Termites (Reticulitermes, Coptotermes, Heterotermes), Dampwood Termites (Zootermopsis), Drywood Termites (Kalotermes, incisitermes), and Carpenter Ants (Camponotus). *Tim-bor* Industrial pressure treated wood is also effective for controlling cockroaches. The addition of a compatible registered anti-sapsatin and/or moldicide may be incorporated during treatment.

Application Instructions

Pressure process Pressure treatment procedures must rigidly adhere to the standards of U.S. Borax and/or those of the American Wood Preservers Association. If several species are being treated at once, choose the treating schedule for the most difficult to treat species.

m-pressure process

Dip-diffusion treatment and spray applications should adhere to the standards and methods of U. S. Borax and/or those of the American Wood Preservers Association.

Storage and disposal

55.1 lb n

(25 kg)

Do not contaminate water, food or feed by pesticide storage and disposal. Storage: Store in a dry place. Do not store where children or animals may gainaccess. Pesticide disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container disposal: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

General Precautions and Restrictions

Notice: Because of many vaying conditions affecting use and application, manufacturer warns buyer that these may impair or vary the results or effects of the use of this product. In any event, complete prevention of decay by fungi or other organisms is not guaranteed.
