Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. **HYGEEA DISINFECTANT CLEANER** is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

HYGEEA DISINFECTANT CLEANER is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 800 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

Two ounces of **HYGEEA DISINFECTANT CLEANER** per gallon of water will deodorize bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors.

WARNING

Keep out of reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately.

HYGEEA

Cleaner-Disinfectant-Deodorizer-Fungicide-Virucide*
Sanitizer for Hospital and Institutional Use

AOAC Phenol Coefficients

Staph. aureus (ATCC No. 6538)	100
Salmonella typhosa (ATCC No. 6539)	50

Active Ingredients

Didecyl dimethyl ammonium chloride	4.5%
Tetrasodium ethylenediamine tetracetate	2.0%
Sodium carbonate	1.0%
Sodium metasilicate anhydrous	0.5%

Inert Ingredients	92.0%
	100.00%

EPA Registration No. 1638-8

WARNING

KEEP OUT OF REACH OF CHILDREN. SEE LEFT PANEL FOR FIRST AID AND ADDITIONAL PRECAUTIONARY STATEMENTS.

USE DIRECTIONS

Apply **HYGEEA DISINFECTANT CLEANER** to other hard surfaces such as tables, chairs, cloth or mop. For heavily soiled areas, more may be required.

For Hospitals & Nursing Homes: Add to water.

At two ounces per gallon use-level, **HYGEEA DISINFECTANT CLEANER** is effective against *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Salmonella choleraesuis*, and pathogenic fungi. Germicidal performance against four organisms has been confirmed by the AOAC Bactericidal Test. Fungicidal performance was determined by the AOAC Fungicidal Test.

At two ounces per gallon the broad spectrum **HYGEEA DISINFECTANT CLEANER** is effective against the following additional organisms:

Brevibacterium casei
Enterobacter aerogenes
Escherichia coli
Streptococcus pyogenes
Staphylococcus aureus
Staphylococcus epidermidis
Streptococcus faecalis
Shigella flexneri

At two ounces per gallon use-level, **HYGEEA DISINFECTANT CLEANER** is effective against Herpes virus family, that causes infectious mononucleosis, and the pox viruses, and the Influenza virus, on inanimate environments.

For Schools, Institutional and Industrial use: 100 ppm of water.

At one ounce per gallon use-level, **HYGEEA DISINFECTANT CLEANER** delivers excellent cleaning effectiveness against *Staphylococcus aureus*, *Escherichia coli*, and *Trichophyton mentagrophytes* fungi. The same AOAC test results for performance for hospitals were obtained.

For cleaning glass, wash half ounce per gallon of water. **HYGEEA DISINFECTANT CLEANER** for cleaning equipment, and other hard surfaces. For processing equipment and utensils, wash thoroughly with potable water. Rinse empty container with water before

HYGEEA DISINFECTANT CLEANER

For use in hospitals, schools, and other institutions.
This product is a powerful disinfectant and germicide.
It is effective against a wide range of bacteria, viruses,
and fungi. It is also a powerful deodorizer and
stain remover. It is safe for use on all hard surfaces.

At two ounces per gallon use-level, HYGEEA DISINFECTANT
CLEANER is shown to be effective against the following additional organisms:

Brevibacterium ammonigenes
Enterobacter aerogenes
Proteus mirabilis
Streptococcus pyogenes
Klebsiella pneumoniae
Salmonella schottmuelleri
Streptococcus faecalis
Shigella dysenteriae

At two ounces per gallon use-level, HYGEEA DISINFECTANT
CLEANER is a virucidal against Herpes Simplex, a member of
the virus family that causes infectious mononucleosis, Vaccinia
(representative of the pox viruses), and Influenza A₂ (the Hong
Kong flu virus), on inanimate environmental surfaces.

For Schools, Institutional and Industrial Uses: Add one ounce
per gallon of water.

At one ounce per gallon use-level, HYGEEA DISINFECTANT
CLEANER delivers excellent cleaning and is germicidal. It is
effective against Staphylococcus aureus, Salmonella cholerae-
desus, Escherichia coli, and Trichophyton interdigitale, the ath-
lete's foot fungus. The same AOAC tests used above to confirm
suitable performance for hospitals were used.

For sanitizing add one-half ounce per gallon of water. Use
HYGEEA DISINFECTANT CLEANER for sanitizing and cleaning
of utensils, equipment, and other hard surfaces. When sanitizing
food processing equipment and utensils and food contact sur-
faces, rinse thoroughly with potable water.

Rinse empty container with water before discarding.
