FOR INDUSTRIAL USE

KNOX RESIDUAL INSECTICIDE B

FLIES, MOSQUITOES, AND GNATS; FLEAS, TICKS, AND MITES; WATERBUGS, SILVERFISH, AND SPIDERS; HOUSE-CEPHALOPods, MILLIPEDES, AND MILLIPEDES; FLOODE BEETLES, GRAIN BEETLES, GRAIN WEEVILS, FLOUR MOTHS, AND GRAIN MOTHS; ANTS; TERmites; AND CRACKS AND OTHER NESTING PLACES.

FOR RESIDUAL AND CONTACT SPRAYING

KNOX RESIDUAL INSECTICIDE B is a residual insecticide which remains effective for a long period of time. It is used for the control of insects which enter the premises from the outside. It is also used for the control of insects which are present in the premises.

FLIES, MOSQUITOES, AND GNATS. For residual protection, spray or clean dirt and dust from surface locations. For contact protection, spray with KNOX RESIDUAL INSECTICIDE B. Use at rate of one gallon per 1000 square feet of surface being treated. Thoroughly wet infested cracks and hiding places of the insects. Repeat as often as necessary.

ROACHES, WATERBUGS, AND SILVERFISH. For residual protection, spray or clean dirt and dust from surface locations. For contact protection, spray with KNOX RESIDUAL INSECTICIDE B. Repeat application as often as necessary to maintain an effective residual deposit of KNOX RESIDUAL INSECTICIDE B. ANTS: Spray ants and trails around door sill and window track where they enter the premises. Repeat as often as necessary.

FLEAS AND TICKS. Treat infested areas and surrounding areas. Do not allow them in treated area until dry.

HIDE BEETLES. For residual protection, sweep or clean dirt and dust from surface locations. For contact protection, spray with KNOX RESIDUAL INSECTICIDE B. Use at rate of one gallon per 1000 square feet of surface being treated. Thoroughly wet infested cracks and hiding places of the beetles. Repeat as often as necessary.

SPIDERS, HOUSE-CEPHALOPods, AND MILLIPEDES. Thoroughly spray and repeat treatment of the infested area with KNOX RESIDUAL INSECTICIDE B in cracks and other nesting places. Do not use KNOX RESIDUAL INSECTICIDE B on the parts of the body of the insect.

FLOODE BEETLES, GRAIN BEETLES, GRAIN WEEVILS, FLOUR MOTHS, AND GRAIN MOTHS. For residual protection, sweep or clean dirt and dust from surface locations. For contact protection, spray with KNOX RESIDUAL INSECTICIDE B. Use at rate of one gallon per 1000 square feet of surface being treated. Thoroughly wet infested cracks and hiding places of the insects. Repeat as often as necessary.

FOR OUTDOOR USE. KNOX RESIDUAL INSECTICIDE B may be used to control many insects which are present in the outdoors. Spray on lawns, sidewalks, patios and walkways. Do not spray on plants or flowers.

CAUTION KEEP OUT OF REACH OF CHILDREN
HARMFUL IF SWALLOWED.

DO NOT USE NEAR OPEN FLAME.
DO NOT TREAT PLANTS OR ANIMALS DIRECTLY.
AVOID SKIN CONTACT. MAY BE ABSORBED THROUGH SKIN.
AVOID CONTACT WITH FOOD OR DRINK. DO NOT USE IN KITCHENS OR DINING ROOMS.
