**ACCEPTED**  
JAN 22, 1973  
UNDER THE FEDERAL INSECT  
FUNGICIDE AND FUNGICIDE ACT  
FOR ECONOMIC PEACE  
ED UNDER NO. 1663-16  
TO ATTACHED CONDITIONS

**DOG & CAT  
REPELLENT**  
FOR INDOOR AND OUTDOOR  
USE  
FOR TRAINING AID  
AS WELL AS REPELLENT

**ACTIVE INGREDIENTS:**  
Methyl nonyl ketone 1.9%  
Related compound 0.1%  
**INERT INGREDIENTS** 98.0%

EPA Reg. No. 1663-16

Read entire label carefully before using. Use only in accordance with label cautions, warnings and directions.

Hold container in upright position to spray. Point valve opening away from face when spraying.

**DIRECTIONS:**

**Use:** To break your pet of undesirable habits (such as sleeping on furniture, rugs, and other forbidden areas in your home): Spray the article of furniture, rug, etc., lightly with this product so that the area or object is slightly moistened. Before spraying extensive areas of rugs, fabrics or plastics, test the effect of this product by first treating a small inconspicuous area. This product may stain or soften some fabrics or plastics. An alternate method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily or as necessary, until undesirable habit is broken.

**Use:** To prevent your pet, or stray animals, from soiling flower beds, areas of lawn, trees, shrubbery or evergreen: Spray the edge of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawn, etc., lightly every day, or every other day, with this product. Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings, then spray the spot with this masking odor. Re-apply as often as necessary until undesirable habits of your pet or stray animals are changed.

Do not use directly to foliage or on ornamentals and on painted or finished plastics.

**Training:** For both indoor and outdoor situations, the most effective control for a pet is the sharply spoken word backed up with disciplinary action. The repellent product should be used in conjunction with training.

**CAUTION:** Harmful if swallowed. Avoid breathing of spray mist. Avoid contact with skin. Wash skin and hands thoroughly after using. Do not use on materials fed or food stuffs, utensils, dishes or drinking water.

**WARNING:** Flammable! Contents under pressure. Do not use near fire, sparks, or flame. Do not use in hot sun or near heat source. Exposure to temperatures above 120°F may cause bursting. May stain feet or surface if sprayed too closely. Do not spray on plastic, asphalt tile or varnished wood.

**NOTICE:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with direction given herewith.
