SEE ANTIDOTE AND OTHER CAUTIONS ON SIDE PANEL

NET WT. 4 OZ.

CAUTION:

Grant's Ant Control is poisonous if taken internally. Avoid contamination of feed and foodstuffs. Keep away from children, pets, and incompetent persons. If swallowed.

CALL A PHYSICIAN.

This product is toxic to birds and other wildlife. Keep out of any body of water. Do not contaminate water by disposal of wastes, and apply this product only as specified on this label.

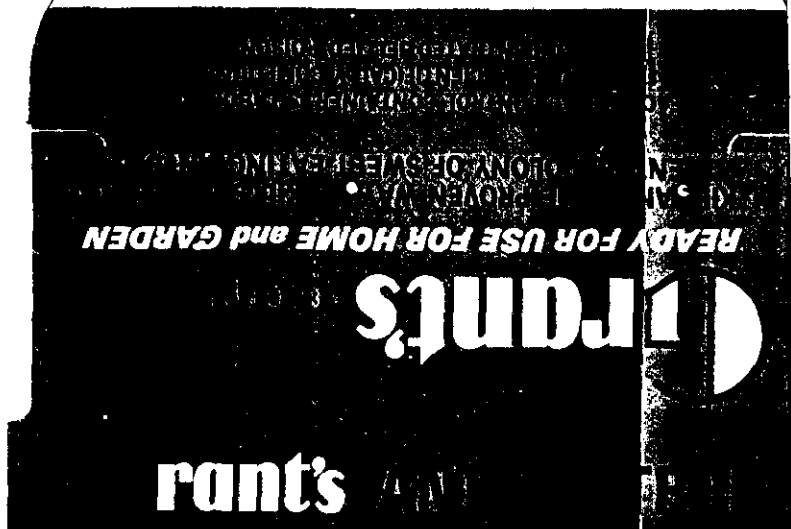

Give a tablespoon of salt in a glass of warm water and repeat until vomit fluid is clear. Then give two tablespoonfuls of Epsom Salts or Milk of Magnesia in water and plenty of milk and water. Have patient lie down and keep quiet. CALL A PHYSICIAN IMMEDIATELY.

NOTICE:

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and / or handling of this material when such use and / or handling is contrary to label instructions.

Do not reuse container. Destroy when empty.

U. S. Pat. No. 2,547,314 Other Patents Pending
Product of U. S. A. Copyright Printed in U. S. A.

FOR OUTDOOR USE:

Place all 12 stakes around the outside of the home as follows:

1. Place one stake in the ground on each side of all outside doors.
2. Place one stake near each corner of the house.
3. Space remainder of stakes around the house at six-foot intervals. For larger homes, apartment houses or other buildings, additional ant stakes will be required. Ant stakes must not be placed farther than six feet apart.
4. Pour a cupful of warm water over each stake. Stir the contents of each stake with a nail or matchstick. Repeat this procedure when ants are unusually active.

FOR ORNAMENTAL GARDEN USE:

Grant's Ant Control helps promote better flower, shrub and tree culture, as ants carry Aphis and Scale. Grant's Ant Control, if used according to directions, help control this problem.

- In flower beds or rows, place stakes not more than six feet apart where ants are most active.
- To protect trees and shrubs place one or more stakes at the base of each.
- Follow step 4 given above and also sprinkle stakes occasionally when watering to improve effectiveness.

WARRANTY: The enclosed card was mailed to you at the time of purchase in order to protect your investment. If the product fails to last six months, simply return the card to the manufacturer for a full refund. No cash to delay mailing. Grant's Ant Control will be mailed to you.

- 1** Place one Ant Control on each side of the front door steps, one on each side of the back door steps, one at each corner of the building; then place one Ant Control every six feet completely around the building. (It may take more than one box to properly protect your house.)
- 2** As you install the Ant Controls as outlined above, stir the contents in the metal containers with a match stick or nail.
- 3** Then pour a cupful of luke-warm water over each Control to soften the contents. This is done to hasten the action of the Ant Control.
- 4** Flower gardens may be protected from ants by placing Grant's Ant Controls at six-foot intervals. From time to time as you water your flowers and shrubs around the house, wet the Ant Controls to keep contents soft and moist.

If you will follow these simple directions, we know that you, too, will be included among the thousands of satisfied Grant's Ant Control users.
